

Lycoming County District Attorney's Office **Narcotic Enforcement Unit (NEU)**

Lycoming County District Attorney Eric Linhardt formed this unit in 2013 in order to combat the growing drug and more specifically, heroin epidemic that has plagued not only Lycoming County but the entire nation.

This unit consists of specialized and highly trained law enforcement personnel from all over Lycoming County and works closely with other state and federal agencies to include the Drug Enforcement Agency (DEA), Federal Bureau of Investigations (FBI), Pennsylvania State Police, Attorney General's Office, Williamsport Bureau of Police and other municipal police departments; all in a joint effort to enforce our State and County Controlled Substance laws.

The Narcotic Enforcement Unit is supervised by Detective Michael Simpler.
