

SEPTEMBER 28-29, 2024

RESCUE TASK FORCE TRAINING

This course is designed to teach students the four main methods of warm zone care during active violence incidents. Driving tactics as well as a reasonable expectation for success during active violence incidents will be discussed. This course will expose law enforcement, fire and rescue personnel, as well as other public safety partners to operating in a warm zone environment to provide point of wounding care to patients. Tactical Emergency Casualty Care lessons will be provided so that all participants can provide appropriate point of wounding care. Discussions will include command and control considerations, including the establishment of unified command, common operating language, and essential on scene functions that must be performed for the incident to be successful.

This course is sponsored at no cost to you by the North Central Task Force
