What have you been doing with your retirement?

Retiree, Kathryn Bowman, shares pictures of what she has been doing with her retirement days. The top left picture is an oil painting she gave to her grandson. The pictures of the stained glass mirrors are just two examples of her collection. She also has made many lamp shades.

What have you been doing with your retirement? Spending time with the grandkids, traveling the world, riding around in that new sports car or motorcycle, volunteering?

Please share your stories and pictures and I'll include them in the next newsletter.

ABBEY TALES

Abbey was invited to a Halloween party. The kids were told that she was going to be at the party. We were told that we better take her to the party or the kids were going to be disappointed. I took a picture of her in her costume but I forgot to take the camera to the party. Sorry, no party pictures.

Abbey is ready to go to her Halloween party

November is Peanut Butter Lovers Month, time to celebrate our favorite food! Americans will eat more than 65 million pounds of peanut butter during the month of November.

It takes about 540 peanuts to make a 12 oz. jar of peanut butter.

Peanut butter removes sticky price tags and sticky labels
Apply it on the label and leave it for a few minutes.

To get chewing gum out of hair
Spread peanut butter on your hair where the chewing gum is stuck. Leave it for a while and the chewing gum will be out in a jiffy.

It helps get rid of the fishy smell in your house

After you are done frying fish, drop a tablespoon of peanut butter in the frying pan. Fry it for two or three minutes and you will have a house smelling of peanut butter rather than fish and oil.
