Introduction

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin programs and activities receiving Federal financial assistance. Specifically, Title VI provides that “no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance” ([42 CFR Section 2000d](#)).

The Civil Right Restoration Act of 1987 clarifies the intent of Title VI to include all programs and activities of Federal-aid recipients, sub-recipients, and contractors whether those programs and activities are federally funded or not.

During the Obama Administration, the Federal Transit Administration (FTA) placed renewed emphasis on Title VI issues, including providing meaningful access to persons with Limited English Proficiency (LEP).

Recipients of public transportation funding from FTA are required to develop policies, programs, and practices that ensure federal transit dollars are used in a manner that is nondiscriminatory as required under Title VI.

This document details how Williamsport Area Transportation Study (WATS) Metropolitan Planning Organization (MPO) incorporates nondiscrimination policies and practices in providing services to the public.

WATS MPO Title VI Notice

Below is the WATS MPO Title VI Notice entitled, “Title VI Public Notice to the Public.”

This notice is posted on the WATS MPO website, and at the WATS MPO offices located at;

Executive Plaza Building, 3rd Floor
330 Pine Street
Williamsport, PA 17701

WATS MPO staff is accessible in-person, by telephone, by standard mail, by fax, or by email.

Also, the WATS MPO Title VI Notice to the Public, notifying the public of their rights under Title VI is included in the WATS MPO Public Participation Plan accessible at the [WATS MPO Involvement website](#) or printed copies available upon request by contacting the MPO at 570-320-2138.

Title VI Public Notice to the Public

The Williamsport Area Transportation Study (WATS) Metropolitan Planning Organization (MPO) fully complies with Title VI of the Civil Rights Act of 1964, Executive Order 12898 on Environmental Justice, and related nondiscrimination statutes and regulations in all programs and activities. WATS’ website, <http://www.lyco.org/WATS-MPO>, may be translated into multiple languages. Publications and other public documents can be made available in alternative languages and formats, as requested.

WATS’ public meetings are always held in ADA-accessible facilities and in transit-accessible locations when possible. In the event that a WATS MPO meeting is held via a virtual format the dial-in numbers, conference codes, and meeting links will be advertised and posted on the WATS MPO social media sites, and the [WATS MPO Committees website](#). Auxiliary services can be provided to individuals who submit a request at least four (4) business-days prior to a meeting. Requests made within three (3) business-days will be accommodated to the greatest extent possible.

Title VI requires that no person in the United States of America shall, on the grounds of race, color, sex, or national origin, be excluded from the participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which WATS receives federal financial assistance.

Any person who believes they have been aggrieved by an unlawful discriminatory practice by WATS under Title VI has a right to file a formal complaint. Any such complaint may be in writing and filed with the WATS’s Title VI Compliance Officer and/or the appropriate state or federal agency within 180 days of the alleged discriminatory occurrence. For more information on WATS’s Title VI program, or to obtain copies of WATS’ Title VI Policies, Complaint Procedures, or Complaint Form, please call (570) 320-2138, email swilliams@lyco.org, or visit the WATS MPO website at www.lyco.org/WATS-MPO.

Documents will be made available in alternative languages or formats if requested. Persons requiring additional accommodations or those with questions should call 570-320-2138.

How Can You Participate

Public involvement is a right of all residents of Lycoming County. There are multiple ways interested parties can become involved in the transportation planning process. [Click here](#) for more information on how you can become involved today!

Fully accessible Public Transportation provided by River Valley Transit. Contact (570) 326-2500 for more information or visit www.ridervt.com.

Title VI Compliance

WATS MPO Title VI Public Notice

The Williamsport Area Transportation Study (WATS), the federally designated Metropolitan Planning Organization, (MPO) for the County of Lycoming, is committed to compliance with the nondiscrimination requirements of civil rights statutes, executive orders, regulations, and policies applicable to the programs and activities it administers.

Accordingly, WATS is dedicated to ensuring that program beneficiaries receive public participation opportunities without regard to race, color, national origin, sex, age, disability or economic status. All public meeting locations of WATS committees will be accessible to persons with disabilities and reachable by public transit via the River Valley Transit hub located at the Williamsport Trade and Transit II (144 West Third Street, Williamsport, PA 17701). If meetings are to be held at another location, adequate advance notice will be provided along with alternate transit accommodations.

WATS will provide auxiliary services (including translation of documents) for individuals with language, speech, sight or hearing impediments provided the request for assistance is made seven days prior to the meeting. WATS will attempt to satisfy other requests as it is able. Please make your request for auxiliary services to Scott Williams, Lycoming County Department of Planning and Community Development, 48 West Third Street, Williamsport, PA 17701, telephone number (570) 320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

If you believe you have been denied participation opportunities, or otherwise discriminated against in relation to the programs or activities administered by WATS, you may file a complaint using the procedures provided in our complaint process document or by also contacting Scott Williams

WILLIAMSPORT AREA TRANSPORTATION STUDY METROPOLITAN PLANNING ORGANIZATION Title VI Discrimination Complaint Procedures

Purpose:

The *Williamsport Area Transportation Study Metropolitan Planning Organization (WATS MPO)* Title VI Complaint Procedures are written to specify the process employed by the *WATS MPO* to investigate complaints, while ensuring due process for Complainants and Respondents. The process does not preclude the *WATS MPO* from attempting to informally resolve complaints.

These procedures apply to all external complaints relating to any program or activity administered by the *WATS MPO* and/or its sub-recipients, consultants and contractors, filed under Title VI of the Civil Rights Act of 1964 as amended, (including Disadvantage Business Enterprise and Equal Employment Opportunity components), as well as other related laws that prohibit discrimination on the basis of race, color, sex, disability, age, low income, national origin, religion, or Limited English Proficiency. Additional statutes include, but are not limited to, Section 504 of the Rehabilitation Act of 1973, the Civil Rights Restoration Act of 1987, and the Americans with Disabilities Act of 1990.

These procedures are part of an administrative process that does not provide for remedies that include punitive damages or compensatory remuneration for the Complainant. Intimidation or retaliation of any kind is prohibited by law.

Process:

An individual, or his or her representative, who believes that he or she has been subject to discrimination or retaliation prohibited by Title VI and other nondiscrimination provisions, has the right to file a complaint. Complaints need to be filed within 180 calendar days of alleged occurrence, when the alleged discrimination became known to the Complainant, or when there has been a continuing course of conduct, the date on which the conduct was discontinued or latest instance of the conduct.

Complaints may be mailed to:

John Lavelle

Complaints shall be in writing using the WATS Discrimination Complaint Form and signed by the Complainant(s). If complaints are received by telephone or in person, the Title VI Compliance Officer or other authorized representative shall formally interview the person to provide the basis for the written complaint. If necessary, the authorized person will assist the Complainant in writing the complaint. The written complaint must include the following information:

- Name, address and telephone number of Complainant
- Basis of the complaint (e.g., Race, Color, Sex, Disability, Age, National Origin, Religion, or Retaliation)
- A detailed description of the circumstances of the incident that lead the Complainant to believe discrimination occurred.

- Names address and phones numbers of people who may have knowledge of the alleged incident or are perceived as parties in the complained-of-incident.
- Date or dates on which the alleged discrimination occurred
- Other agencies where the complaint was filed.
- As an investigation moves forward, additional information may be required.

If the **WATS MPO** receives a complaint, the **MPO** will acknowledge receipt of the complaint by notifying the Complainant and immediately transmitting the complaint to the proper state and federal agency (e.g. Federal Highway Administration, Federal Transit Administration, and PennDOT) for investigation and disposition pursuant to that agency's Title VI complaint procedures. This can be done by scanning to email or by regular mail. The Department of Justice has final word on what agency will investigate the claim.

The **WATS MPO** Title VI Compliance Officer will maintain a log of all complaints received by the Williamsport Area Transportation Study Metropolitan Planning Organization.

These procedures were adopted by the Williamsport Area Transportation Study Metropolitan Planning Organization at a publicly advertised meeting held on July 23, 2012.

DISCRIMINATION COMPLAINT FORM

Name	Phone	Name of Person(s) That Discriminated Against You
Address (Street No., P.O. Box, Etc.)		Location and Position of Person (If Known)

Williamsport Area Transportation Study

A Metropolitan Planning Organization (MPO) is a planning body composed of elected and appointed officials representing local, state and federal governments or other agencies having an interest or responsibility in the local transportation system. The MPO is responsible for creating a Long-Range Transportation Plan (LRTP), a Transportation Improvement Program (TIP), and a Unified Planning Work Program (UPWP). An MPO can be a regional, multicounty organization or a single county. The Williamsport Area Transportation Study (WATS) is the single county MPO covering Lycoming County. The role of the WATS MPO is to develop transportation policies, programs and projects, which move people and goods in a safe, efficient manner, promote economic development, protect the environment, and preserve Lycoming County's outstanding quality of life amenities.

WATS Staff and Contacts

Administrative duties of the WATS MPO are conducted by the Lycoming County Planning and Community Development Department. The primary staff contact for the Department on WATS MPO administrative matters shall be the Lycoming County Transportation Supervisor who will act as WATS Secretary. The Lycoming County Planning and Community Development Department shall be responsible for the following primary WATS MPO administrative duties:

- Develop and conduct all transportation planning work tasks contained in the WATS MPO approved Unified Planning Work Program contract that is executed between the County of Lycoming and PennDOT. The County of Lycoming may subcontract with the City of Williamsport to perform the Federal Transit Administration funded UPWP transit planning work tasks undertaken by River Valley Transit.
- Schedule, publicly advertise and convene all WATS MPO public meetings, as needed, in accordance with the PA Open Records Law and WATS MPO approved Public Participation Plan. All official business of the WATS MPO will take place at publicly advertised meetings to ensure opportunity for public comment. Prepare and distribute meeting agendas and related materials for review by WATS MPO members no later than 5 calendar days prior to the public meeting. Prepare meeting minutes for distribution to WATS MPO members for review no later than 15 calendar days following the public meeting. WATS MPO will generally convene public meetings on a quarterly basis (once every three months) at the Lycoming County Commissioners Board Room, Lycoming County Executive Plaza, 330 Pine Street, Williamsport, PA 17701. Exceptions as to meeting dates, times and locations may be considered in order to provide timely response to actions related to WATS MPO duties and responsibilities.
- Ensure that all WATS MPO adopted plans, programs and policies are implemented.

WATS MPO List of any Public Transportation Related Investigations, Complaints, or Lawsuits Filed

WATS MPO has no public transportation related Title VI investigations, complaints, or lawsuits filed at the present time.

WATS MPO LEP Plan / Language Assistance Plan

The WATS MPO Limited English Proficiency (LEP) Plan and Language Assistance Plan is included into the WATS MPO Public Participation Plan and can be found in [Appendix A](#).

WATS MPO Committees and Non-Elected Advisory Councils

The PennDOT Engineering District 3-0 Executive shall serve as Chair of the Coordinating Committee. The Coordinating Committee voting members shall be designated by their respective member organizations and shall serve without term limits at the discretion of their member organizations. Each member organization shall so designate the individual(s) serving on the Coordinating Committee as their voting member(s) at the beginning of each calendar year and provide written documentation to the WATS MPO Chairman for WATS MPO files maintained by the Lycoming County Planning and Community Development Department. Member

organizations shall also designate an alternate voting member that may vote on behalf of the designated voting member in the case where the designated voting member is unable to attend a specific meeting.

The WATS Coordinating Committee is the policy-making body of the MPO. The Coordinating Committee consists of eleven (11) voting representatives as follows:

- PennDOT District 3-0 Executive, Chair
- PennDOT Deputy Secretary for Planning
- Lycoming County Commissioner
- Lycoming County Commissioner
- Mayor of Williamsport
- Williamsport City Council Member
- River Valley Transit General Manager
- SEDA-COG Joint Rail Authority Executive Director
- Williamsport Regional Airport Executive Director
- Lycoming County Association of Township Officials Representative
- Lycoming County Borough Representative

In addition to the 11 voting members, the Coordinating Committee shall include four (4) non-voting members, as follows:

- Federal Highway Administration
- Federal Transit Administration
- US Department of Housing and Urban Development
- PA Department of Community and Economic Development

The WATS Technical Committee reviews all relevant transportation issues, programs and projects in Lycoming County and formulates recommendations to the Coordinating Committee.

The Technical Committee consists of seven (7) voting members as follows:

- PennDOT Program Center Representative, Chair
- PennDOT Engineering District 3-0 Representative
- Lycoming County Planning and Community Development Director
- Lycoming County Planning Commission Member
- River Valley Transit General Manager
- City of Williamsport Engineer
- Williamsport Regional Airport Director

The PennDOT Center for Program Development and Management Representative shall serve as Chairman of the Technical Committee. The Technical Committee voting members shall be designated by their respective member organizations and shall serve without term limits at the discretion of their member organizations. Each member organization shall so designate the individual serving on the Technical Committee as their voting member at the beginning of each calendar year and provide written documentation to the WATS MPO Chairman for WATS MPO

files maintained by the Lycoming County Planning and Community Development Department. Member organizations shall also designate an alternate voting member that may vote on behalf of the designated member in the case where the designated voting member is unable to attend a specific meeting.

In addition to the 7 voting members, the Technical Committee shall include four (4) non-voting members, as follows:

- Federal Highway Administration
- Federal Transit Administration
- PA Department of Community and Economic Development
- Fullington Trailways

Non-voting members consist of:

- Federal Highway Administration
- Federal Transit Administration
- PA Department of Community and Economic Development
- Fullington Trailways

Therefore, this is not applicable to WAST MPO.

All WATS MPO meetings are publicly advertised in the Williamsport Sun-Gazette and via the WATS MPO social media pages ([Facebook](#), [Instagram](#), [Twitter](#)). All MPO meetings are open to public for comment at the beginning and end of each meeting during “*public comment*” and “*other business/public comment.*” Public comments and responses made during these meetings are kept on record in the WATS MPO Coordinating and Technical Committee meeting minutes at the WATS MPO offices and available at the [WATS MPO Committees website](#).

Formal public comment and review periods are used to solicit comments on major planning and programming activities, for example, updates or amendments to the Unified Planning Work Program (UPWP), Transportation Improvement Program (TIP), or Long-Range Transportation Plan (LRTP). Comments can be made in-person, by standard mail, by telephone, by fax, by email, or via the MPO social media accounts. WATS MPO makes every effort to respond to any comment(s) received and will forward comments on to other agencies as appropriate. Received public comments and the responses regarding MPO products/reports are included in an appendix entitled “*Summary of Public Comments.*”

WATS MPO Sub-recipient Title VI Monitoring

As the primary recipient of FHWA and FTA funding, WATS MPO will monitor the River Valley Transit (RVT) Title VI Program for compliance on an annual basis. At the beginning of the calendar year RVT (as the sub-recipient of FTA funding) will submit to WATS MPO a copy of the most recent RVT Title VI Program. In the event that an RVT Title VI Program update occurs prior to the first of the calendar year, RVT will submit the updated RVT Title VI Program to WATS MPO as soon as the update is completed and approved. WATS MPO will forward the RVT Title VI Program documentation and any updates to PennDOT, FHWA, and FTA for review.

WATS MPO, at the request of FTA, in response to a complaint of discrimination, or as otherwise deemed necessary, shall request that the RVT (the sub-recipient) that provides transportation services verify that their level and quality of service is provided on an equitable basis.

WATS MPO Environmental Justice Analysis

Presidential Executive Order 12898 states that “each Federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations.” Within the transportation field, environmental justice is guided by three core principles:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority or low-income populations.

Because WATS MPO utilizes federal funds to plan and implement transportation projects the MPO is responsible for undertaking analysis of federally funded projects listed within the LRTP. In order to show that our plan meets these objectives, an Equity Analysis—a.k.a., “Benefits and Burdens Analysis”—was prepared.

In accordance with FHWA and FTA joint guidance issued to the MPOs and RPOs of Pennsylvania, equity analysis

should perform the following four “core elements”:

1. Identify environmental justice populations
2. Assess conditions and identify needs
3. Evaluate burdens and benefits
4. Identify and address disproportionate and adverse impacts and inform future planning efforts

Identification of Traditionally Underserved and Underrepresented Populations

Executive Order 12898 specifies that **minority** and **low-income** populations must be considered in Environmental Justice analysis and these populations were identified using data from the 2010 Decennial Census and 2017 data releases from the American Community Survey, (ACS). The following definitions are used for the purposes of this analysis:

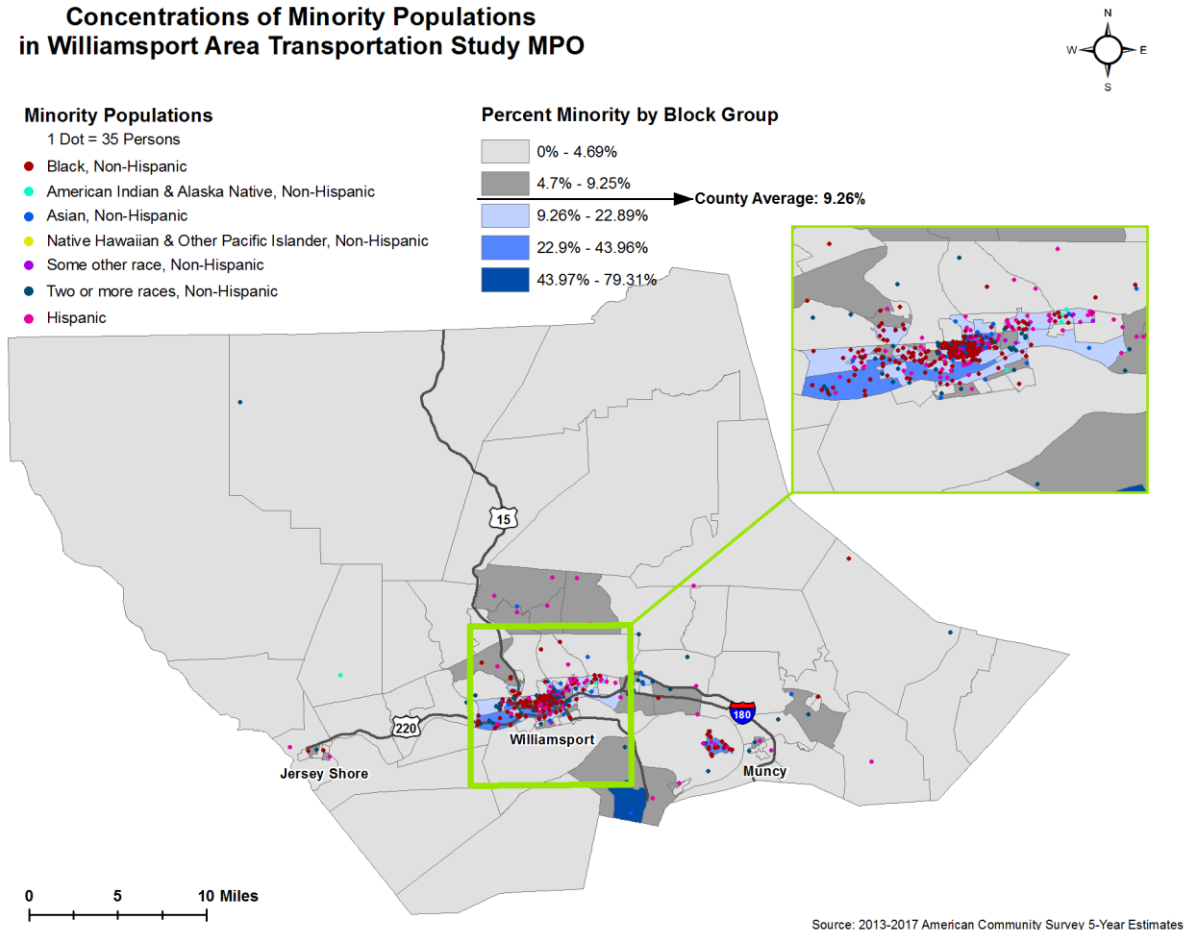

Minority: Any individual or group that self-identifies as a member(s) of the racial categories of Black/African American, Asian American, American Indian/Alaskan Native, Native Hawaiian/other Pacific Islander and the ethnic category Hispanic/Latino.

Low-income: Households at or below the poverty level.

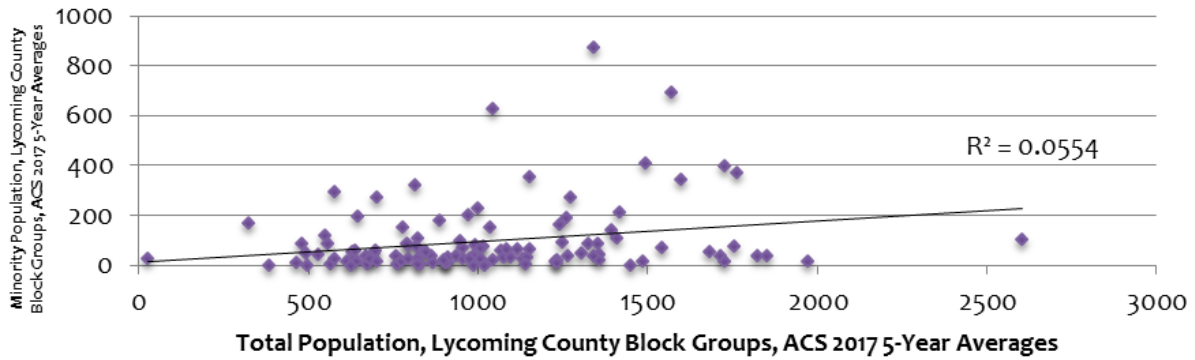

In the same spirit, WATS environmental justice equity analysis also identifies people with disabilities and people with limited English proficiency (identified as individuals speaking English “not very well” or speaking English “not at all”).

Minority Population of Lycoming County

Concentrations of Minority Populations in Williamsport Area Transportation Study MPO

It is noteworthy that minority populations in Lycoming County are not distributed evenly. Since the concentrations of minority population in census block groups in the county are not a simple function of total population density, it is possible to use regression analysis to investigate disparity of system conditions across block groups.

Low Income Population of Lycoming County

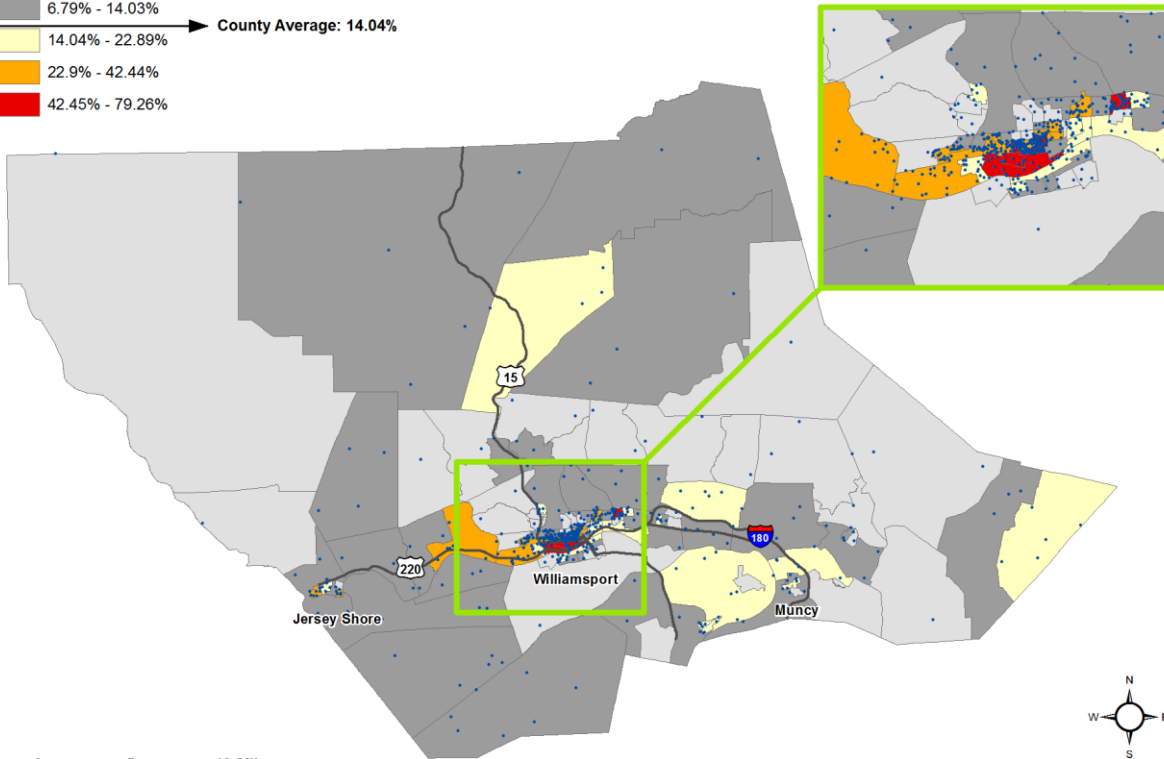

Persons in Poverty

• 1 Dot = 50 Persons

Percent Population Below Poverty by Block Group

Concentrations of Poverty in the Williamsport Area Transportation Study MPO

Source: 2013-2017 American Community Survey 5-Year Estimates

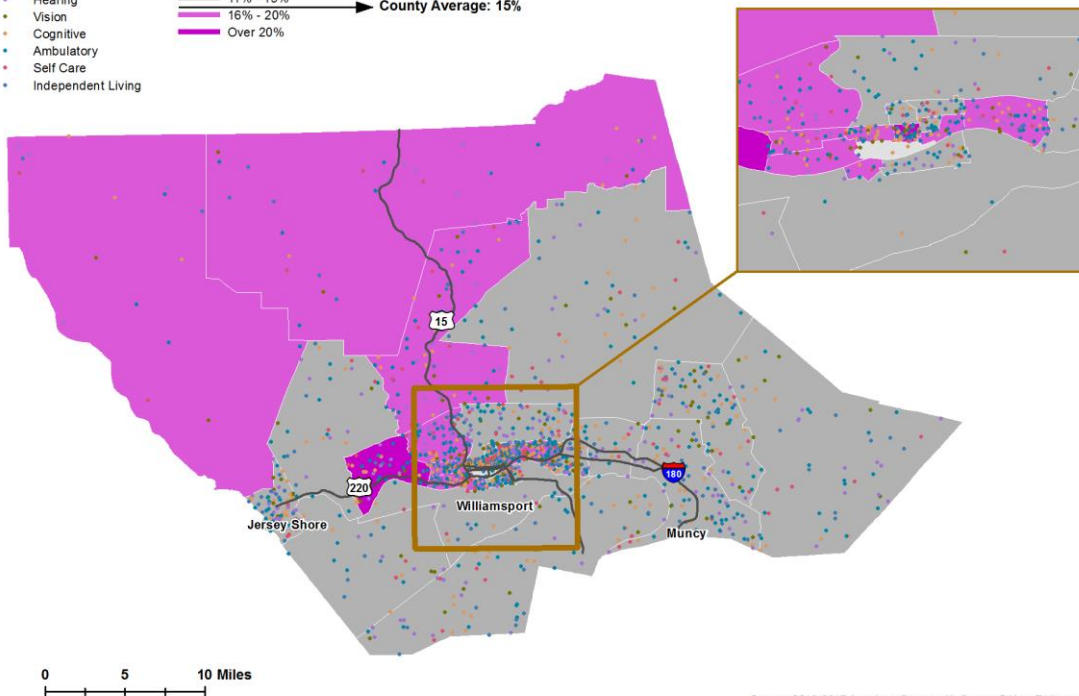

Low-income populations in Lycoming County are not distributed evenly. Since the concentrations of low-income population in census block groups in the county are not a simple function of total population density, it is possible to use regression analysis to investigate disparity of system conditions across block groups.

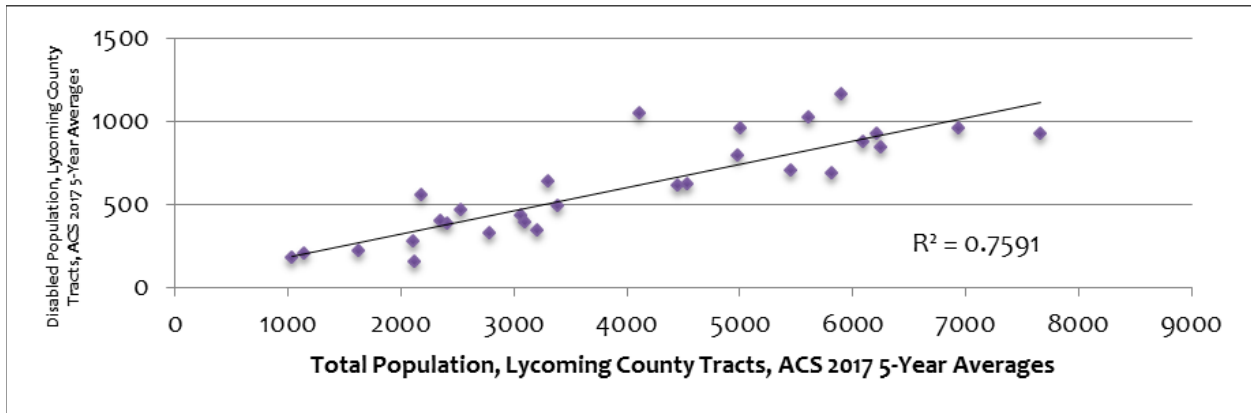

Disabled Population of Lycoming County

Concentrations of Disabled Populations in Williamsport Area Transportation Study MPO

- Disabled Population**
- 1 Dot = 20
 - Hearing
 - Vision
 - Cognitive
 - Ambulatory
 - Self Care
 - Independent Living
- Percent with Disability by Census Tract**
- Under 10%
 - 11% - 15%
 - 16% - 20%
 - Over 20%
- County Average: 15%

Disabled populations in Lycoming County are distributed fairly evenly. Since the concentrations of disabled population in census tracts in the county are largely dependent on total population, regression analysis is based on relative percent composition instead of the estimated count of individuals to investigate disparity of system conditions across tracts.

Limited English Proficiency Population of Lycoming County

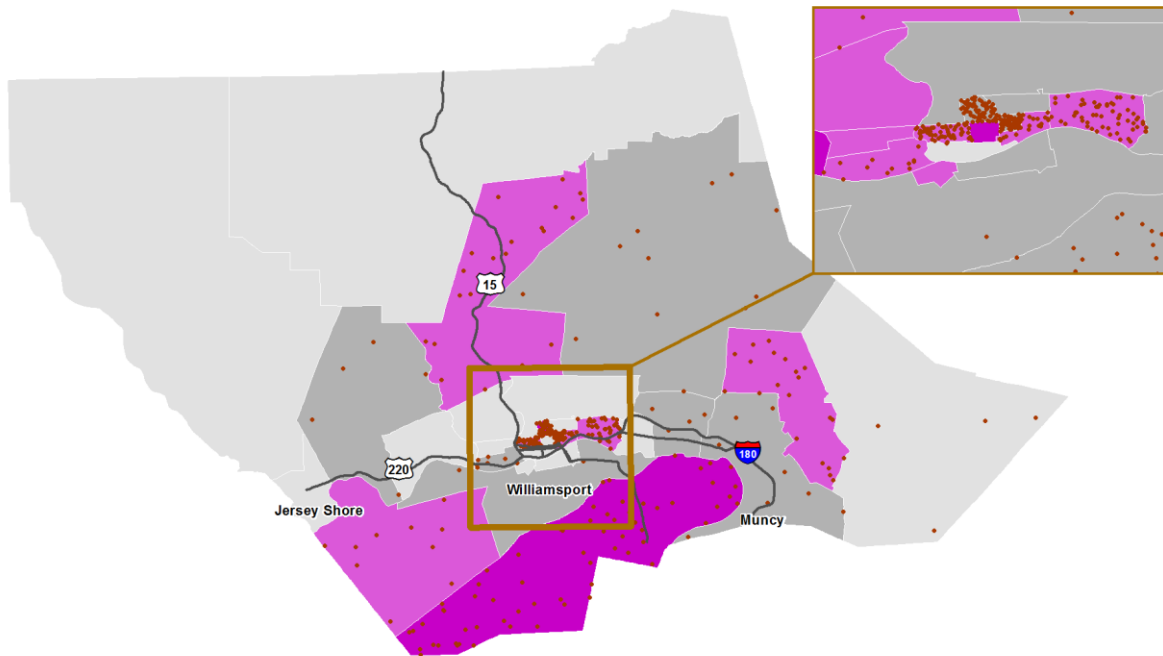

Concentrations of Limited English Proficiency Populations in Williamsport Area Transportation Study MPO

Limited English Proficiency Population

- 1 Dot = 1

 - 0.31% - 0.75%
 - 0.76% - 2.04%
- County Average: 0.3%

Source: 2013-2017 American Community Survey 5-Year Estimates

Limited English proficiency populations in Lycoming County are not distributed evenly. Since the concentrations of limited English proficiency population in census tracts in the county are not a simple function of total population density, it is possible to use regression analysis to investigate disparity of system conditions across tracts.

Assessment of Conditions and Identification of Needs

Regression analysis was performed comparing minority population, low income population, people with disabilities, and limited English proficiency populations to pavement conditions, bridge conditions, crash incidents, and fixed route transit stop locations. The purpose of this analysis is to identify any geographic patterns of disparities existing in past transportation investment in regards to traditionally underserved and underrepresented populations. If any disparities were identified, projects would be programmed to address the disparity. The indicator of a disparity was a high R2 value in any of the regression models. There are several limitations to this analysis that inform future WATS planning activities. The primary limitation is that information on condition of the state-owned and operated transportation system and the transit system are readily available but data on local transportation asset

What is R²?

From Minitab.com: “R-squared is a statistical measure of how close the data are to the fitted regression line. It is also known as the coefficient of determination, or the coefficient of multiple determination for multiple regression.

The definition of R-squared is fairly straight-forward; it is the percentage of the response variable variation that is explained by a linear model. Or:

$$R\text{-squared} = \text{Explained variation} / \text{Total variation}$$

R-squared is always between 0 and 100% [expressed as a ratio]:

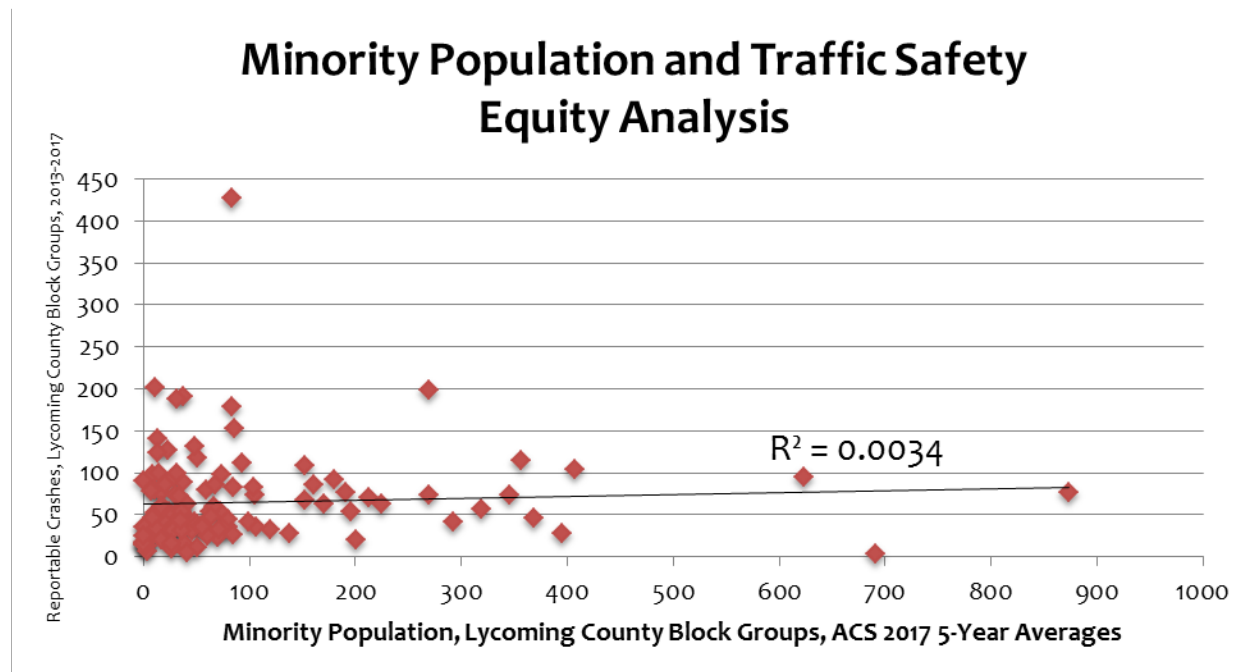

- 0% (0.0) indicates that the model explains none of the variability of the response data around its mean.
- 100% (1.0) indicates that the model explains all the variability of the response data around its mean.”

Therefore in our regression analyses of transportation equity, we are looking for sectors of the transportation system where differences in the population composition explains (or is strongly linked to) a high percentage of the variation in condition.

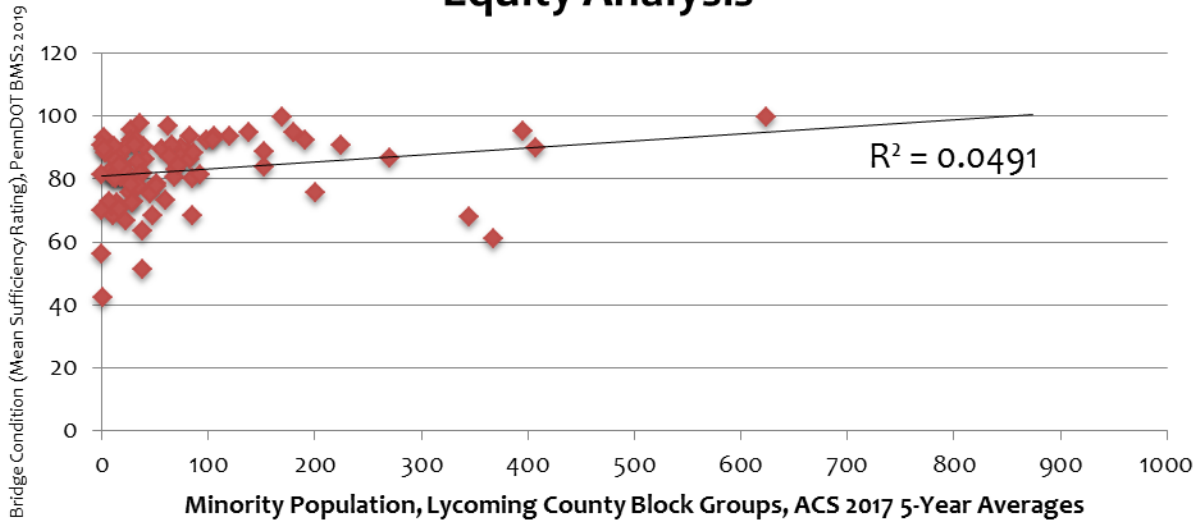

conditions is scant. WATS has fairly comprehensive data on the condition of locally owned bridges, but pavement condition data for municipally owned roads is largely nonexistent. Additionally, many of the populations included in analysis of equity rely more on the non-motorized transportation system. Virtually no condition data on sidewalks, paths, and paved trails currently exists. Therefore, WATS places a high priority on gaining datasets on conditions of these assets in order to maintain a more holistic understanding of how the entire multimodal transportation system is functioning and serving the community. As previously discussed, the distribution of minority, low income, and limited English proficiency populations are not distributed within the county at equal concentrations. In other words, these populations represent a different percentage of population in different communities within the county. Therefore, we are able to compare conditions between census block groups rather easily. However, the disabled population of the county exists as a fairly equivalent proportion of the population across all census tracts. For this analysis, the proportions of disabled persons were used for comparison rather than the estimated count of individuals.

Minority Population Disparity Effects Analysis

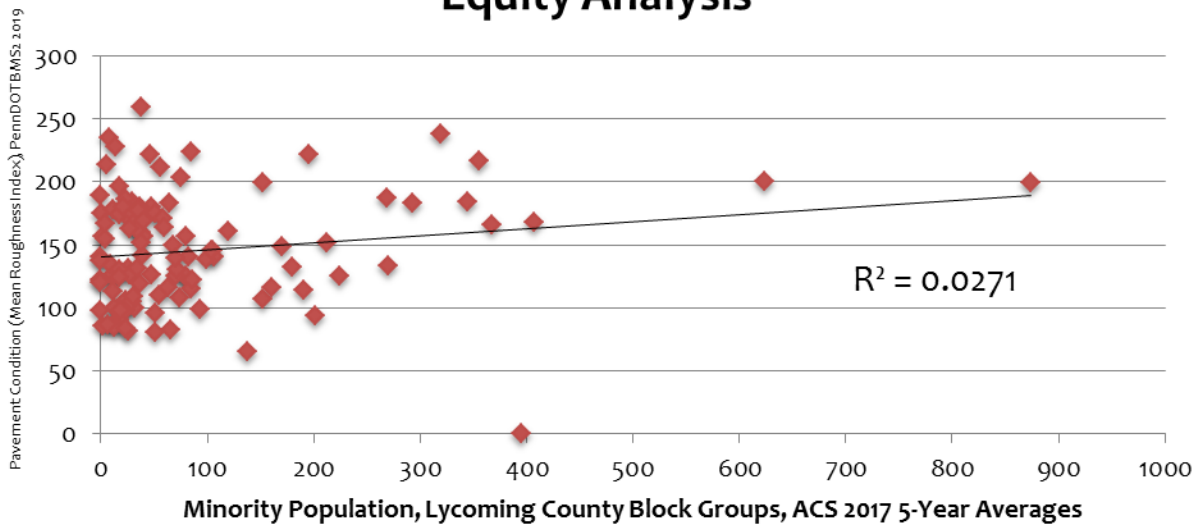

The purpose of this analysis is to discover if any historic patterns of disinvestment have occurred in Lycoming County with respect to traffic safety, bridge condition, pavement condition, and transit availability relating to minority populations. There is no apparent link between bridge condition, pavement condition, or crashes and minority population. There is a slight correlation between transit availability and minority populations reflecting a positive emphasis towards more transit availability in areas with larger minority populations.

Minority Population and Bridge Condition Equity Analysis

Minority Population and Pavement Condition Equity Analysis

Minority Population and Transit Availability Equity Analysis

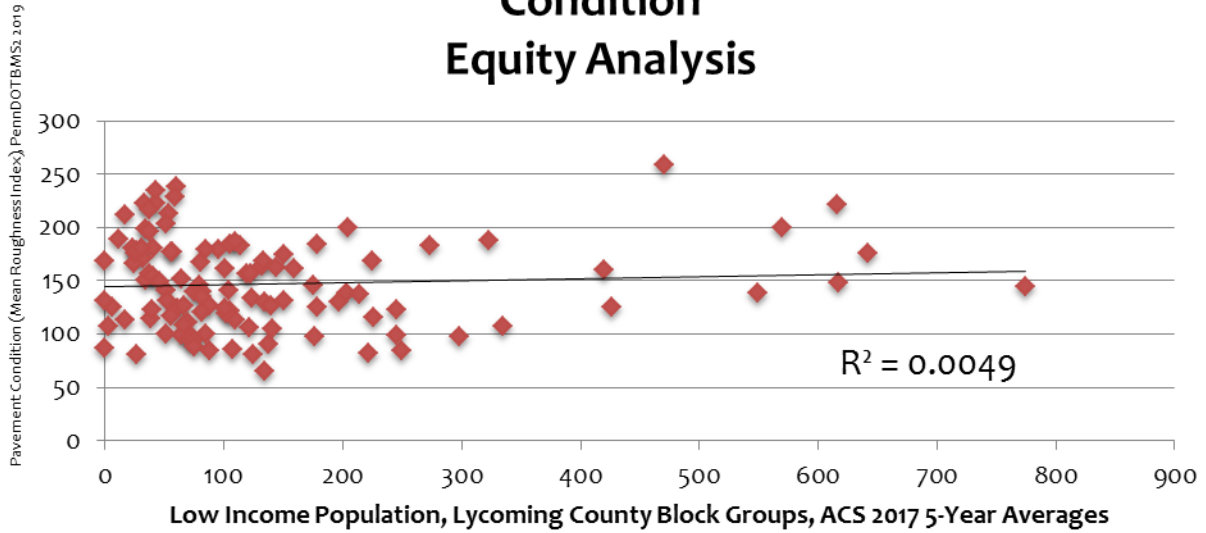

Low Income Population Disparity Effects Analysis

The purpose of this analysis is to discover if any historic patterns of disinvestment have occurred in Lycoming County with respect to traffic safety, bridge condition, pavement condition, and transit availability relating to low income populations. There is no apparent link between bridge condition, pavement condition, or crashes and low-income population. There is a slight correlation between transit availability and low-income populations reflecting a positive emphasis towards more transit availability in areas with larger low-income populations.

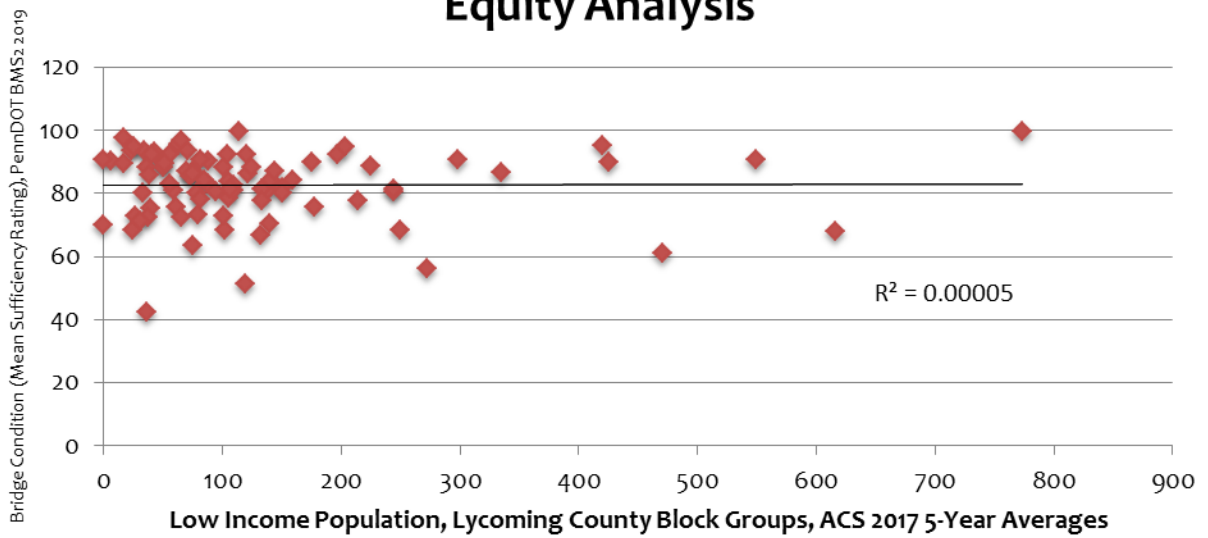

Low Income Population and Traffic Safety Equity Analysis

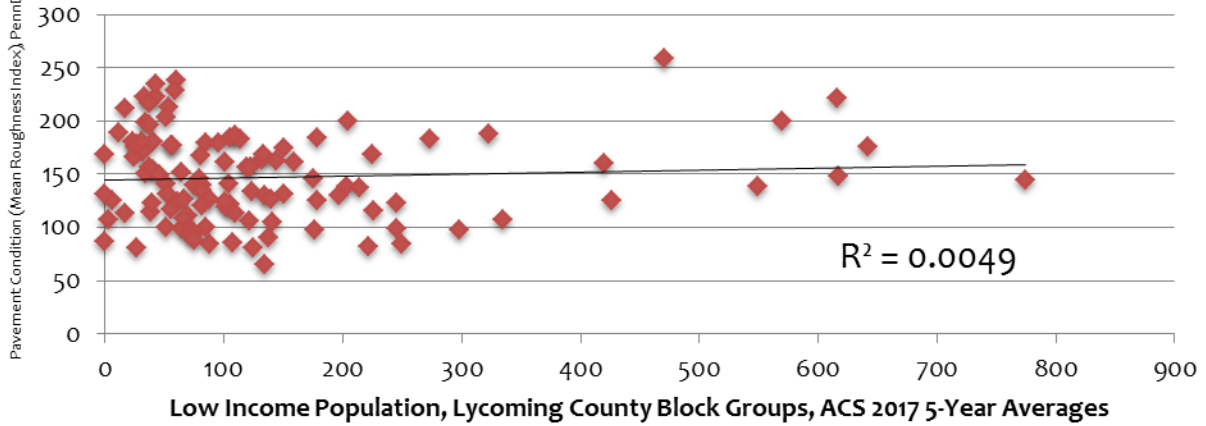

Low Income Population and Pavement Condition Equity Analysis

WATS MPO Population and Demographic Information

According to the U.S. Bureau of Census 2019 American Community Survey Population Estimate figures, there is an estimate of 113,299 persons residing in Lycoming County. Up to and including the 2020 Census, the population of Lycoming County was steadily growing. From 1970 to 2000, Lycoming County’s population grew by 6,748 persons (a 6% overall gain) which was higher than Pennsylvania’s overall population growth at 4.1%. However, based on the 2019 Census American Community Survey count of population and annual American Community Survey (ACS) estimates for the county’s population, the population of Lycoming County peaked sometime in the late 1990s and has begun to decline. Projecting the 100-year population trend forward for Lycoming County suggests that within the 20-year planning horizon of this long-range plan the population of Lycoming County will be at a similar level to what it was in the late 1960s.

Population Trends for Lycoming County

Similar to statewide trends, Lycoming County population has been shifting outward from the City and Boroughs (incorporated municipalities) into the suburban and rural Townships. Municipalities that have seen population growth are mostly rural Townships located generally along the I-180 corridor between Williamsport and the Borough of Muncy. Within this general area of the county, the Townships of Wolf, Mill Creek, Fairfield and Penn each realized population growth over 5%. Muncy Township and Loyalsock Township each grew by 3% and 1.5% respectively. Meanwhile, the incorporated municipalities within this same area saw large population declines:

Picture Rocks: -2%

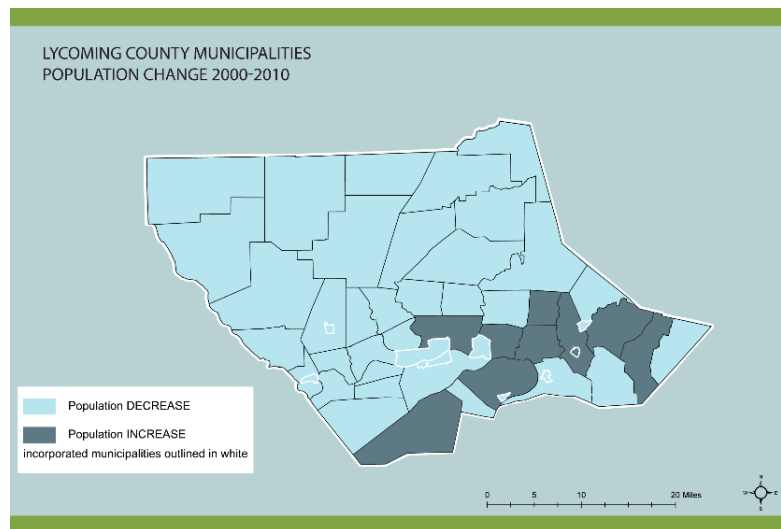

Montoursville: -3.4%

Hughesville: -4%

Williamsport: -4.3%

Muncy: -7%

Collectively, these 5 municipalities lost 1,780 people between the 2000 and 2010 census, 1.5% of the total county population in 2000. Meanwhile, even larger percentage decreases in population occurred in the central and northern parts of the county. The Townships of Old Lycoming, Pine, Plunketts Creek, Gamble, Lewis, Brown, McNett and Cummings each saw population decrease by over 10% from the 2000 to the 2010.

Population by Age Group

The population of Lycoming County is also becoming older on average. However, the largest driver of this trend is not an increase of people over the age of 65 but instead a diminishing proportion of the population under the age of 18. The youth population of the county has seen a steady linear decrease over the 50-year period from 1960-2010. From 1960 to 2010, the proportion of the population in Lycoming County under the age of 18 decreased from 37% to 21%. This was a numerical decrease of nearly 16,000 from a high of nearly 40,000 in 1960 to just 24,000 in 2010. Meanwhile, the proportion of the population aged 65 or over has increased from 11% to 16%. This was a numerical increase of less than 7,000 from about 12,500 in 1960 to just over 19,000 in 2010.

Looking at the breakdown of the population in 2010 based on age reveals another trend greatly influencing the current population composition and future demographics of Lycoming County. Currently, the largest age cohort in Lycoming County is individuals aged 50-54.

In addition, individuals aged 45-49 and aged 55-59 make up a large proportion of the population. Our large (2,211 in the 2010 census) college student population buoys the numbers of those aged 15-24 in the county. Over the lifespan of this plan, with a 20-year planning horizon, the largest age group within the county (those aged 45-59 in 2010, 22% of the total population) will enter their retirement years and then begin to decline in numbers due to mortality. Without an influx of population from outside of the county or a drastic increase in birth rates, Lycoming County is likely to see a dramatic decline in population between the years 2018 and 2038.

The chart below shows the percent of population by age group breakdown for the Lycoming County total and per municipality for the *under 18*, *18-64*, and *65 and over* age groups.

Source: [US Census American Community Survey 2019 5-Year Estimates](#)

In terms of a future countywide total population forecast, the Lycoming County Comprehensive Plan Update anticipates total population to decrease to 112,000 persons by 2020 with a further decrease to 106,000 persons by 2030, which is the new County Comprehensive Plan Update horizon year. A hypothesized reason for this decrease is attributed to “brain drain” trends where younger people going to colleges and universities elsewhere do not return to Lycoming County for employment once students graduate. This trend is supported by the 2019 ACS 5-year estimates showing Lycoming County’s population to have dropped to 113,299.

WATS 2021-2024 Environmental Justice Benefits and Burdens

The tables and maps below summarize how the 2021-2024 WATS TIP funding is distributed among Lycoming County census block groups based on the minority and low-income intervals defined in the [Identification of Traditionally Underserved and Underrepresented Populations](#) section above.

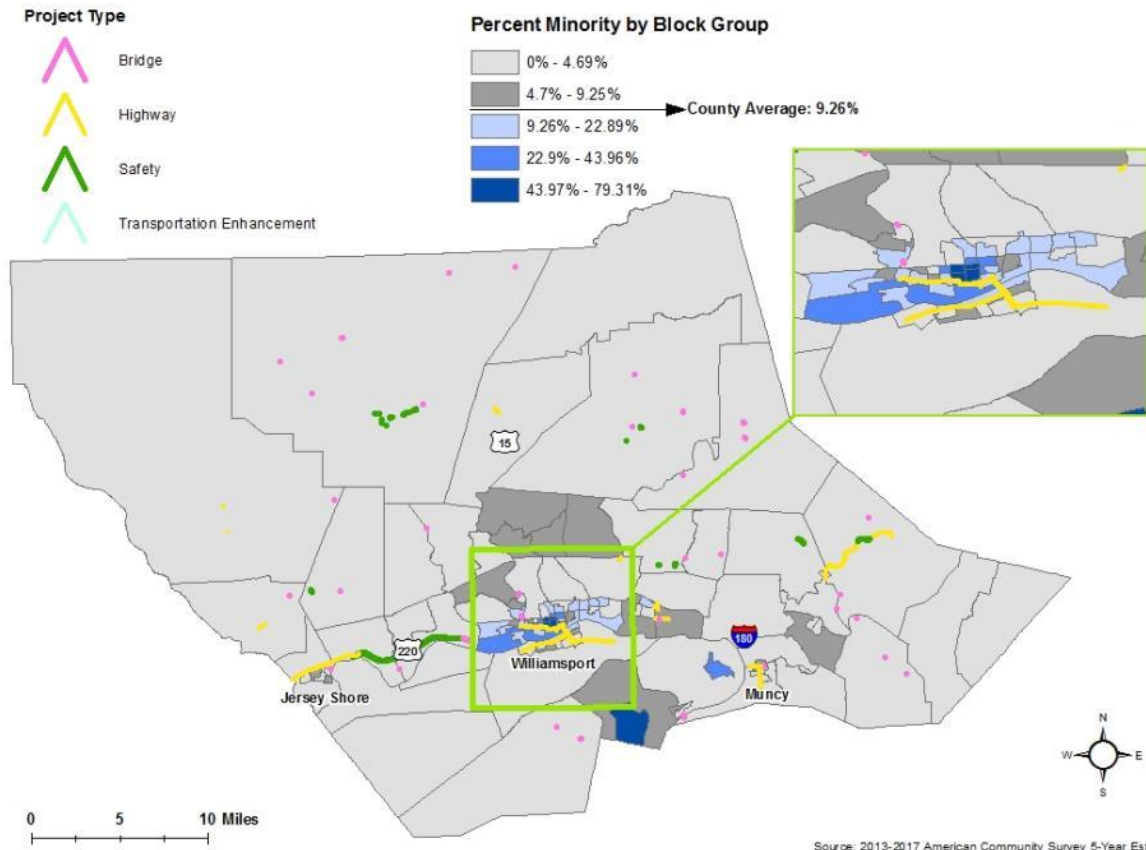

Minority Population

Percent Population Minority - Block Groups		0% - 4.69%	4.7% - 9.25%	9.26% - 22.89%	22.9% - 43.96%	43.97% - 79.31 %
Number of Block Groups		59	22	21	6	5
Transportation System by Interval	State Road Miles	837	125	88	32	5
	Percent of Road Miles	77%	11%	8%	3%	0%
	Bridges	682	61	57	16	1
	Percent of Bridges	83%	7%	7%	2%	0%
	Reportable Crashes (2013-2017)	3,091	751	1,207	327	186
	Percent of Crashes	56%	14%	22%	6%	3%
Population Shares by Interval	Total Population	63,035	20,866	21,794	6,385	3,318
	Regional Share of Total Population	55%	18%	19%	6%	3%
	Minority Population	1,342	1,430	3,691	2,239	1,984
	Regional Share of Minority Population	13%	13%	35%	21%	19%
Roadway Projects	Amount of Funding	\$23,605,586	\$16,983,000	\$10,665,000	\$6,650,000	\$3,850,000
Bridge Projects	Amount of Funding	\$23,040,000	\$4,489,000	\$1,360,000	\$0	\$0
Safety Projects	Amount of Funding	\$10,239,420	\$0	\$0	\$0	\$0
All Projects	Amount of Funding	\$56,885,006	\$21,472,000	\$12,025,000	\$6,650,000	\$3,850,000

Projects most likely to impact minority populations based on proximity to census block groups with highest minority population:

PennDOT Project ID	Project Description
114056	Interim resurfacing of SR 2014 (West Fourth Street) from Campbell Street to Basin Street in the City of Williamsport. This project is related to the delayed reconstruction of SR 2014 (West Fourth Street) from Campbell Street to Basin Street in the City of Williamsport
97508	Reconstruction of SR 2014 (Fourth Street) from Campbell Street to US Route 15 in the City of Williamsport
114045	Interim resurfacing of US 15 (Hastings Street) from the Susquehanna River to the US 15 Overlook in South Williamsport Borough and Armstrong Township. This project is related to the delayed reconstruction US Route 15 from Main Street to Southern Avenue in South Williamsport Borough
114057	Mill and Resurface SR 2023 (Market Street) between 3rd Street and the Susquehanna River Bridge in the City of Williamsport
114091	Interim milling and resurfacing SR 2060 (Hepburn St) from Via Bella to SR 2014 (3rd St) in the City of Williamsport. This project is related to the delayed mill and resurfacing of SR 2060 (Hepburn Street) from Via Bella to Third Street in the City of Williamsport.

2021-2024 WATS TIP Project Locations by Type

As shown by the above analysis, the WATS 2021-2024 TIP projects are well distributed throughout the County. Since PennDOT District 3 and the WATS MPO prioritize asset management and safety improvements there are very little occurrences of right-of-way acquisition and practically no capacity expansion projects programmed. The projects that are located in areas with greatest minority population concentration, which may contribute to some short-term impacts during construction, will generally benefit those residents by improving traveling conditions and safety for all users. Highway reconstruction projects impacting these areas that were delayed have been supplemented with interim resurfacing projects to preserve pavements.

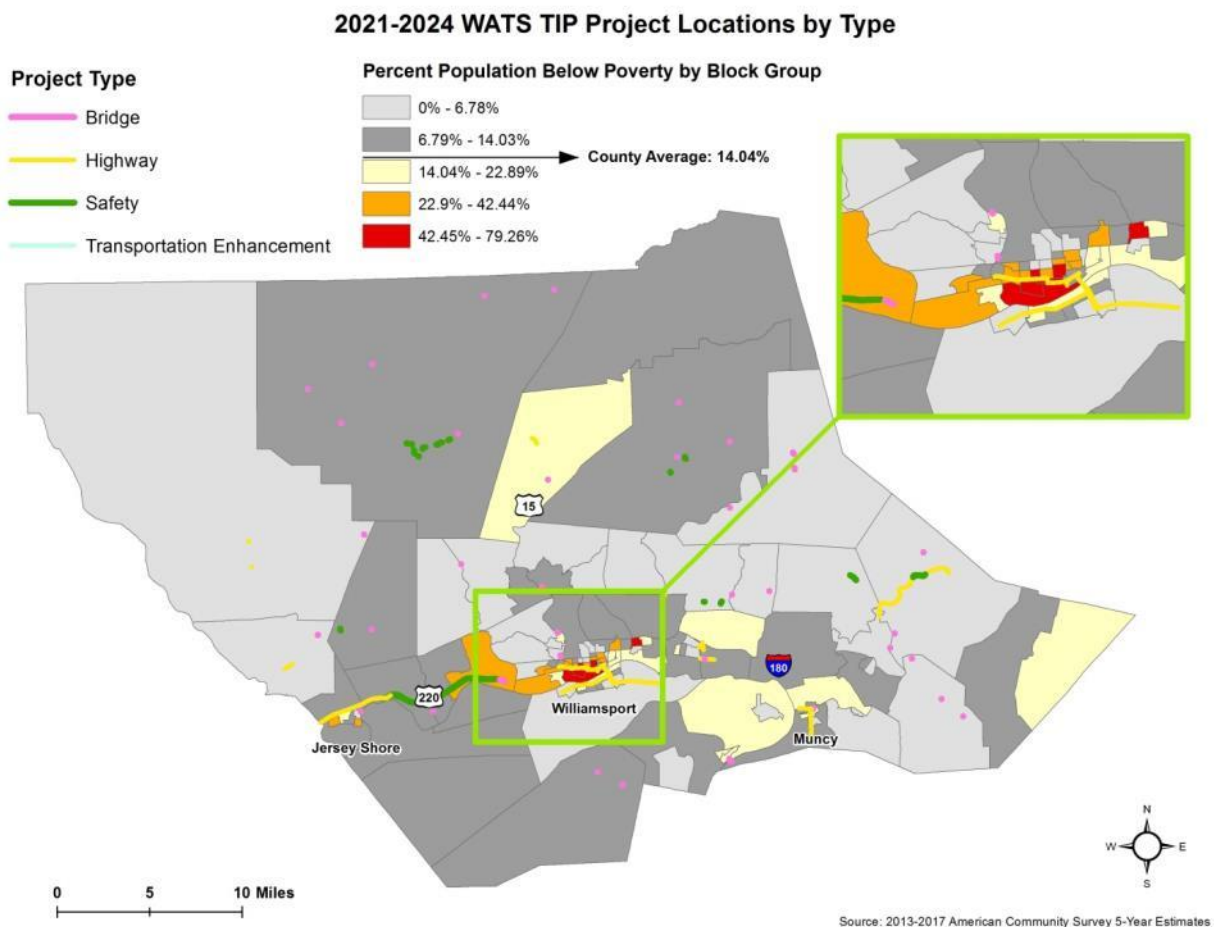

Low Income Population

Percent Population Low Income - Block Groups		0% - 6.78%	6.79% - 14.03%	14.04% - 22.89%	22.9% - 42.44%	42.5% - 79.26%
Number of Block Groups		38	38	18	12	7
Transportation System by Interval	State Road Miles	391	464	164	45	23
	Percent of Road Miles	36%	43%	15%	4%	2%
	Bridges	295	357	126	26	13
	Percent of Bridges	36%	44%	15%	3%	2%
	Reportable Crashes (2013-2017)	1,417	2,007	1,242	457	439
	Percent of Crashes	25%	36%	22%	8%	8%
Population Shares by Interval	Total Population for whom poverty status is determined	34,774	39,827	16,543	12,178	6,165
	Regional Share of Total Population	32%	36%	15%	11%	6%
	Low Income Population	1,441	3,828	2,943	3,553	3,610
	Regional Share of Low-Income Population	9%	25%	19%	23%	23%
Roadway Projects	Amount of Funding	\$20,265,586	\$19,533,000	\$13,430,000	\$4,175,000	\$6,650,000
Bridge Projects	Amount of Funding	\$8,192,667	\$10,703,250	\$3,260,000	\$8,587,333	\$0
Safety Projects	Amount of Funding	\$847,716	\$9,391,704	\$0	\$7,897,414	\$0
All Projects	Amount of Funding	\$29,305,969	\$39,627,954	\$16,690,000	\$20,659,747	\$6,650,000

Projects most likely to impact low-income populations based on proximity to census block groups with highest low-income population.

PennDOT Project ID	Project Description
97508	Reconstruction of SR 2014 (Fourth Street) from Campbell Street to US Route 15 in the City of Williamsport
114045	Interim resurfacing of US 15 (Hastings Street) from the Susquehanna River to the US 15 Overlook in South Williamsport Borough and Armstrong Township. This project is related to the delayed reconstruction of US Route 15 from Main Street to Southern Avenue in South Williamsport Borough.
114056	Interim resurfacing of SR 2014 (West Fourth Street) from Campbell Street to Basin Street in the City of Williamsport. This project is related to the delayed reconstruction of SR 2014 (West Fourth Street) from Campbell Street to Basin Street in the City of Williamsport.
114057	Mill and Resurface SR 2023 (Market Street) between 3rd Street and the Susquehanna River Bridge in the City of Williamsport

PennDOT Project ID	Project Description
114091	Interim milling and resurfacing SR 2060 (Hepburn St) from Via Bella to SR 2014 (3rd St) in the City of Williamsport. This project is related to the delayed mill and resurfacing of SR 2060 (Hepburn Street) from Via Bella to Third Street in the City of Williamsport.
106124	Bridge improvement on US Route 220 over Ramp A (West Fourth Street), T-331 and the SEDACOG railroad in Woodward Township
93732	Access and intersection improvements on US Route 220 from 4th Street to SR 287 in Woodward and Piatt Townships

As shown by the above analysis, the WATS 2021-2024 TIP projects are well distributed throughout the County. Since PennDOT District 3 and the WATS MPO prioritize asset management and safety improvements there are very little occurrences of right-of-way acquisition and practically no capacity expansion projects programmed. The projects that are located in areas with greatest low-income population concentration, which may contribute to

some short-term impacts during construction, will generally benefit those residents by improving traveling conditions and safety for all users. Highway reconstruction projects impacting these areas that were delayed have been supplemented with interim resurfacing projects to preserve pavements.

Based on the distribution of current TIP funding and the above [analysis of prior investment based on asset conditions](#), there do not appear to be any disparities in investment linked to concentrations of minority or low-income populations in Lycoming County. Any information to the contrary should be brought to the attention of WATS using the [contact information provided above](#).

The Williamsport Area Transportation Study (WATS) Metropolitan Planning Organization (MPO) fully complies with Title VI of the Civil Rights Act of 1964, Executive Order 12898 on Environmental Justice, and related nondiscrimination statutes and regulations in all programs and activities. WATS' website, <http://www.lyco.org/WATS-MPO>, may be translated into multiple languages. Publications and other public documents can be made available in alternative languages and formats, as requested.

WATS' public meetings are always held in ADA-accessible facilities and in transit-accessible locations when possible. In the event that a WATS MPO meeting is held via a virtual format the dial-in numbers, conference codes, and meeting links will be advertised and posted on the WATS MPO social media sites, and the [WATS MPO Committees website](#). Auxiliary services can be provided to individuals who submit a request at least four (4) business-days prior to a meeting. Requests made within three (3) business-days will be accommodated to the greatest extent possible.

Any person who believes they have been aggrieved by an unlawful discriminatory practice by WATS under Title VI has a right to file a formal complaint. Any such complaint may be in writing and filed with the WATS's Title VI Compliance Officer and/or the appropriate state or federal agency within 180 days of the alleged discriminatory occurrence. For more information on WATS's Title VI program, or to obtain copies of WATS' Title VI Policies, Complaint Procedures, or Complaint Form, please call (570) 320-2130, email swilliams@lyco.org, or visit the WATS MPO website at www.lyco.org/WATS-MPO.

Documents will be made available in alternative languages or formats if requested. Persons requiring additional accommodations or those with questions should call 570-320-2130.

Chapter 1 - Introduction

A Metropolitan Planning Organization (MPO) is a planning body composed of elected and appointed officials representing local, state and federal governments or other agencies having an interest or responsibility in the local transportation system. The MPO is responsible for creating a Long-Range Transportation Plan (LRTP), a Transportation Improvement Program (TIP), a Public Participation Plan (PPP), and a Unified Planning Work Program (UPWP). An MPO can be a regional, multicounty organization or a single county.

The Williamsport Area Transportation Study Metropolitan Planning Organization (WATS MPO) is the single county MPO covering Lycoming County. The role of the WATS MPO is to develop transportation policies, programs and projects, which move people and goods in a safe, efficient manner, promote economic development, protect the environment, and preserve Lycoming County's outstanding quality of life amenities.

The Lycoming County Planning & Community Development (PCD) staff assumes lead responsibility for undertaking Federal Highway Administration (FHWA) funded planning tasks while River Valley Transit Authority (RVTA) is responsible for undertaking the Federal Transit Administration (FTA) transit planning tasks contained in the Unified Planning Work Program. WATS MPO public meetings are now held at least quarterly throughout the year. All WATS MPO Technical and Coordinating Committee meetings are publicly advertised in compliance with the PA Open Meetings Law and WATS MPO Public Participation Plan.

The WATS MPO is the transportation planning and program partner for Pennsylvania Department of Transportation (PennDOT) Engineering District 3-0.

The contents of this Plan contain references to Federal Regulations or State Guidelines for public participation in the transportation process, including, but not limited to the following:

- Code of Federal Regulations Title 23 § 450.316
- Presidential Executive Order 12898, Environmental Justice
- Title VI of the Civil Rights Act of 1964
- The Americans with Disabilities Act (ADA) of 1990
- Executive Order 13166, Improving Access to Services for Persons with Limited-English Proficiency
- Commonwealth's Sunshine Law (65 PA C.S. § 701-716)

Federal law, (SAFETEA-LU, MAP-21, and FAST Act) requires that *“the MPO shall develop and use a documented participation plan that defines the process for providing citizens, affected public agencies, representatives of public transportation employees, freight shippers, providers of freight transportation services, private providers of transportation, representatives of users of public transportation, representatives of users of pedestrian walkways and bicycle transportation facilities, representatives of the disabled, and other interested parties with reasonable opportunities to be involved in the metropolitan transportation planning process.”*

Federal law and regulations require the establishment of a Metropolitan Planning Organization, (MPO) to oversee the transportation planning process in all urbanized areas of the nation having a population of 50,000 or more persons as documented by the U.S. Bureau of the Census as part of the decennial census. The Williamsport Area Transportation Study, (WATS) serves as the designated Metropolitan Planning Organization (MPO) for the Williamsport Urbanized area established under a legal Agreement with PennDOT approved in 1968. The WATS MPO jurisdictional boundary was further extended in 1991 to encompass the entire geographic area of Lycoming County. WATS MPO undertakes the federal transportation planning and programming process within Lycoming County, including the development and approval of the WATS Long Range Transportation Plan (LRTP), WATS Transportation Improvement Program (TIP), WATS Public Participation Plan (PPP), and WATS Unified Planning Work Program (UPWP).

WATS core functions include:

- ❖ *Establish and manage a fair and impartial setting for effective regional decision-making in the planning area (Lycoming County).*
- ❖ *Identify and evaluate alternative transportation improvement options: Use data and planning methods to generate and evaluate alternatives. Planning studies and evaluations are included in the MPO Unified Planning Work Program, (UPWP).*
- ❖ *Develop a Transportation Improvement Program (TIP): Develop a short-range (four-year) program of transportation improvements based on the long-range transportation plan. The TIP should be designed to achieve the area's goals, using spending, regulation, operating, management and financial tools.*
- ❖ *Develop a Long-Range Transportation Plan (LRTP): Develop a long-range (twenty-year) plan that documents the transportation investment need and outlines a strategy regarding how best to address the needs.*
- ❖ *Involve the public: Continually involve the general public and other affected constituencies in the essential functions listed above.*

WATS Committee Structure

The WATS MPO is organizationally structured with two Committees, a Technical Committee and a Coordinating Committee with defined functions and membership composition as follows:

Technical Committee

The purpose of the Technical Committee is to oversee the development of detailed transportation planning documents, special studies and other technical analysis that documents multi-modal transportation issues and needs and provide advice and recommendations to the Coordinating Committee. The Technical Committee consists of seven (7) voting members, as follows:

- PennDOT Center for Program Development and Management Representative
- PennDOT Engineering District 3-0 Representative
- Lycoming County Planning and Community Development Director
- Lycoming County Planning Commission Member
- River Valley Transit Authority General Manager
- Williamsport Regional Airport Executive Director
- City of Williamsport Engineer/Community Development Director

The PennDOT Center for Program Development and Management Representative serves as Chairperson of the Technical Committee.

The Technical Committee voting members are designated by their respective member organizations and serve without term limits at the discretion of their member organizations. Each member organization designates the individual(s) serving on the Technical Committee as their voting member(s) at the beginning of each calendar year and provides written documentation to the WATS MPO Chairperson for WATS MPO files maintained by the Lycoming County Planning and Community Development Department. Member organizations designate an alternate voting member that may vote on behalf of the designated member in the case where the designated voting member is unable to attend a specific meeting.

At the final scheduled public meeting within a calendar year, the WATS MPO Technical Committee will set a public meeting schedule for the upcoming year. Once approved by the Technical Committee, the public meeting schedule will be posted on the [WATS MPO website](#), posted at the WATS MPO offices at 330 Pine Street, 3rd Floor, Williamsport, PA 17701, and made available by request by calling 570-320-2130.

In addition to the seven voting members, the Technical Committee includes four (4) non-voting members, as follows:

- Federal Highway Administration
- Federal Transit Administration
- PA Department of Community and Economic Development
- Fullington Trailways

Non-voting members of the Technical Committee receive WATS reports, meeting notices, agendas, and participate in WATS discussions, but serve without a vote.

Coordinating Committee

The purpose of the Coordinating Committee is to review and act upon the recommendations of the Technical Committee and serve as the official policy decision-making body of the WATS MPO. The Coordinating Committee consists of eleven (11) voting members, comprising elected and appointed officials as follows:

- PennDOT Engineering District 3-0 Executive
- PennDOT Deputy Secretary for Planning
- Lycoming County Commissioner

- Lycoming County Commissioner
- Mayor, City of Williamsport
- Council Member, City of Williamsport
- River Valley Transit Authority General Manager
- SEDACOG Joint Rail Authority Executive Director
- Williamsport Regional Airport Executive Director
- Lycoming County Association of Township Officials Coordinating Committee Representative
- Lycoming County Borough Representative

The PennDOT Engineering District 3-0 Executive serves as Chairperson of the Coordinating Committee.

Again, the Coordinating Committee voting members shall be designated by their respective member organizations and serve without term limits at the discretion of their member organizations. Each member organization designates the individual(s) serving on the Coordinating Committee as their voting member(s) at the beginning of each calendar year and provides written documentation to the WATS MPO Chairperson for WATS MPO files maintained by the Lycoming County Planning and Community Development Department. Member organizations also designate an alternate voting member that may vote on behalf of the designated voting member in the case where the designated voting member is unable to attend a specific meeting.

At the final scheduled public meeting within a calendar year, the WATS MPO Coordinating Committee will set a public meeting schedule for the upcoming year. Once approved by the Coordinating Committee, the public meeting schedule will be posted on the [WATS MPO website](#), posted at the WATS MPO offices at 330 Pine Street, 3rd Floor, Williamsport, PA 17701, and made available by request by calling 570-320-2130.

In addition to the 11 voting members, the Coordinating Committee includes four (4) non-voting members, as follows:

- Federal Highway Administration
- Federal Transit Administration
- US Department of Housing and Urban Development
- PA Department of Economic Development

Non-voting members of the Coordinating Committee receive WATS MPO reports, meeting notices, agendas, and participate in WATS MPO discussions, but serve without a vote.

Current Advisory Committees, Ad-hoc Work Groups, and Task Forces

The WATS MPO Coordinating Committee may establish advisory committees, ad hoc work groups, special purpose task forces or steering committees to gather specialized experience, technical advice and input that may be needed to help carry forth transportation planning related activities under the jurisdiction of the WATS MPO transportation

planning process. The WATS MPO has established a Transit Advisory Committee and a Bicycle / Pedestrian Advisory Committee. Both committees are comprised of WATS members, transit providers, and various social service and community organizations to provide input and recommendations to the WATS MPO on public transit, bicycle, and pedestrian issues and needs in Lycoming County.

Bicycle and Pedestrian Advisory Committee

The purpose of the Bicycle and Pedestrian Advisory Committee is to review and provide input and recommendations to the WATS MPO Coordinating Committee and Technical Committee on bicycle and pedestrian safety and mobility needs in Lycoming County.

The Bicycle and Pedestrian Committee consists of eleven (11) voting members, as follows:

- Lycoming County Planning and Community Development Department Representative
- PennDOT District 3-0 Representative
- PennDOT Center for Program Development and Management Representative
- Lycoming County Health Improvement Coalition (LCHIC) Representative
- Susquehanna Valley Velo Club
- Williamsport Bicycle Club
- PTA/PTO president from a County school district
- River Valley Transit Authority
- STEP, Inc. Office of Aging
- Lycoming College
- Pennsylvania College of Technology

In addition to the 11 voting members, the Bicycle and Pedestrian Advisory Committee shall include six (6) non-voting members, as follows,

- SEDA-COG MPO
- Federal Highway Administration
- PennDOT Bicycle Pedestrian Coordinator
- Pennsylvania Department of Conservation and Natural Resources, Recreation and Parks Regional Advisor
- Lycoming County Association of Township Officials Coordinating Committee Representative
- Lycoming County Borough Representative

Bicycle and Pedestrian Advisory Committee voting members shall be designated by their respective member organizations and shall serve without term limits at the discretion of their member organizations. Member organizations shall also designate an alternate voting member that may vote on behalf of the designated member in the case where the designated voting member is unable to attend a specific meeting.

Non-voting members of the Bicycle and Pedestrian Advisory Committee shall receive WATS reports and meeting notices and agendas, shall be entitled to participate in WATS discussions, but shall serve without vote.

Committee Vacancies and Member Removal

Article IV of the WATS MPO Bylaws outline the process for filling vacancies, or removing members on the Technical and Coordinating Committees. Vacancies on the WATS MPO Coordinating or Technical Committee shall be filled by an appointment by the responsible organization. Removal of any member, or their representative, of the WATS MPO Coordinating or Technical Committee, due to failure to attend meetings, or for other reasons, shall be at the discretion of the appointing authority.

Revisions to WATS MPO Products/Projects

Amendments and Administrative Actions

During development and updates of WATS MPO products/projects, it may be necessary to revise the product/project. These revisions occur in two groups: *Amendments and Administrative Actions*. The PennDOT / WATS Memorandum of Understanding (MOU), updated every 2-years with the Transportation Improvement Program (TIP) update, defines what is considered an amendment or administrative modification.

An **Amendment** is a revision that adds a new project, deletes an existing project, or involves a major change to an existing project included in a STIP/WATS TIP that:

- Affects air quality conformity regardless of the cost of the project or the funding source;
- Adds a new project, deletes a project that utilizes federal funds, or federalizes a project that previously was 100% state and/or locally funded. A new project is a project that is not programmed in the current STIP/WATS TIP, and does not have previous obligations from a prior STIP/WATS TIP. Federally-funded Statewide Program projects are excluded from this provision;
- Adds a new phase(s) to an existing project, deletes a project phase(s), increases or decreases a project phase(s) that utilizes federal funds where the revision exceeds the following thresholds:
 - \$7.5 million for the Interstate Management (IM) Program
 - \$2 million for WATS
 - \$1 million for other federally-funded Statewide Programs
- Involves a change in the scope of work to a project(s) that would:
 - Result in an air quality conformity reevaluation
 - Result in a revised total project estimate that exceeds the thresholds established between PennDOT and WATS (not to exceed any federally-funded threshold contained in this MOU)
 - Results in a change in the scope of work on any federally-funded project that is significant enough to essentially constitute a new project

- During a WATS LRTP lapse, all STIP/WATS TIP revisions will be treated as amendments and the below administrative modifications will not be utilized (or be in effect).

Approval by the WATS MPO is required for **Amendments**. The WATS MPO must then request PennDOT Central Office approval using the e-STIP process. A Fiscal Constraint Chart (FCC) must be provided that depicts the transfer of funds from one source to another, demonstrating fiscal constraint. The FCC summarizes the before, requested adjustments, after changes, and detailed comments explaining the reason for the adjustment(s), and provides any Program Management Committee (PMC) materials that may have been prepared, along with an updated TIP. PennDOT's Central Office will review, approve, and forward to the appropriate federal agency for review and approval, with a courtesy copy to the other federal agency. An e-STIP submission shall include:

- Fiscal Constraint Chart with remarks
- Pdf copy of the TIP
- Supporting materials to explain the reasoning, cause, and/or justification for the amendment revision, as needed, such as PMC items.

The initial submission and approval process of the federally funded Statewide Program or increases/decreases exceeding the thresholds above will be considered an amendment (subsequent placement of these individual projects or line items on the WATS TIP will be considered an administrative modification). In the case of Statewide Programs, including the IM Program and other federally funded statewide programs, approval by PennDOT's Program Management Committee (PMC) and FHWA is required.

Administrative Actions are minor revisions to existing products/projects. These can include minor changes to cost or changes to project initiation dates. If an administrative action is, needed the administrative actions will be presented at a WATS MPO Technical Committee meeting, but do not require approval by a governing body or public comment.

An **Administrative Modification** is a minor revision to a STIP/WATS TIP that:

- Shifts federally-funded projects, a federally-funded project phase(s), or federal funds to existing federally-funded projects or a federally-funded project phase(s) in the approved STIP/WATS TIP and must maintain year-to-year STIP/TIP fiscal constraint requirements;
- Adds a project from a funding initiative or line item that utilizes 100 percent state or non-federal funding; or WATS TIP placement of the federally-funded Statewide Program;
- Adds a project for emergency repairs to roadways or bridges, except those involving substantial, functional, location, or capacity changes;
- Draws down or returns funding from an existing STIP/WATS TIP reserve line item and does not exceed the threshold established in this MOU. A reserve line item holds funds that are not dedicated to a specific project(s) and may be used to cover cost increases or add an additional project phase(s) to an existing project;

- Adds federal or state capital funds from low-bid savings, de-obligations, release of encumbrances or savings on programmed phases to another programmed project phase or line item but does not exceed the above thresholds.

Administrative Modifications do not affect air quality conformity nor involve a significant change in the scope of work to a project(s) that would trigger an air quality conformity re-evaluation; does not add a new federally-funded project or delete a federally-funded project; does not exceed the threshold established in this MOU, or the threshold established by this MOU (as detailed in the Amendment Section); and does not result in a change in scope, on any federally-funded project that is significant enough to essentially constitute a new project. A change in scope is a substantial alteration to the original intent or function of a programmed project.

Administrative Modifications do not require federal approval. PennDOT and WATS will work cooperatively to address and respond to any FHWA and/or FTA comment(s). FHWA and FTA reserve the right to question any administrative action that is not consistent with federal regulations or with this MOU where federal funds are being utilized.

All revisions, amendments, and administrative modifications shall be identified, numbered, and grouped as one action on an FCC demonstrating both project and program fiscal constraint. The identified grouping of projects (the entire revision action) will require review and/or approval by the Cooperating Parties. In the case that a project phase is pushed out of the TIP period, WATS will demonstrate, through an FCC, fiscal balance of the subject project phase on the second period of the WATS LRTP.

Additional Opportunity for Public Comment

In the event that major revisions have occurred to a WATS MPO product/project, and the end product/project differs significantly from what was made available for public comment, the WATS MPO will provide an additional opportunity for public comment.

To ensure the full and fair public participation in the transportation decision-making process, the WATS MPO will make the new product/project available during a new **14-day** public comment period, and follow the procedures outlined in [WATS Public Outreach Techniques](#).

How Can You Participate

HOW TO GET INVOLVED IN TRANSPORTATION PLANNING

Chapter 2 - Why have Public Participation

Who is “the Public”

The public is comprised of all the diverse communities living in and around the WATS MPO area. The public includes those individuals who choose not to participate, people who are interested and want their views to be heard but for multiple reasons cannot participate, individuals who are not comfortable with either of those roles, but are still affected by transportation decisions, and those individuals who are both interested and choose to participate.

Federal Requirements - Public Participation Plan

According to the Federal Highway Administration (FHWA), current Federal statutes and regulations provide general guidelines for the public involvement processes and procedures. These guidelines, including the requirement to have a Public Participation Plan, is established in [23 CFR 450.316](#). There is great flexibility available to transportation agencies in developing specific public involvement / participation plans. However, while the set of techniques for any given situation may differ, depending upon such factors as demographics and identified potential impacts, the general approach to developing a public involvement / public participation plan contains elements that are relevant and responsive to all communities. Below are brief excerpts from relevant federal statutes, regulations and Executive Orders setting forth key elements of the public involvement process that is to be used during the transportation planning and project development process.

Americans with Disabilities Act (ADA)

The Americans with Disabilities Act of 1990 (ADA) “*prohibits discrimination on the basis of disability by public entities in services, programs, and activities. Public entities are required to make programs accessible to individuals with disabilities including conducting meetings and hearings in ADA-compliant buildings. Special accommodations must be provided to ensure communications are equally effective for persons with disabilities in order to participate in meetings, planning and programming activities.*” With advance notice, special provisions must be made to accommodate hearing-impaired or visually impaired participants.

The WATS MPO addresses the Americans with Disabilities Act (ADA) accommodation procedures further in this plan in the [Americans with Disabilities Act Plan](#).

Title VI of the Civil Rights Act and the Civil Rights Restoration Act of 1987

Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 are the federal laws that protects individuals from discrimination based on an individual’s race, color, or national origin in services or programs provided by a recipient of federal aid, even if the service or program provided is not federally funded. Title VI states, “**No person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.**”

There are many forms of illegal discrimination based on race, color, or national origin that can limit the opportunity of individuals to gain equal access to services and programs. For example, in operating a federally assisted program, a recipient cannot, based on race, color, or national origin, either directly or through contractual means:

- Engage in intentional discrimination because of race, color, or national origin;
- Use criteria or methods of administration which have the effect of subjecting persons to discrimination because of their race, color, or national origin; or,
- Regarding “protected activities,” it is illegal to intimidate, threaten, coerce, or discriminate against any individual in retaliation for exercising a right or privilege

The WATS MPO addresses Title VI complaint procedures further in this plan in the [WATS MPO Title VI Plan](#).

Environmental Justice (EJ)

Public participation must also take into consideration Presidential Executive Order 12898 establishes provisions for *Environmental Justice*. Executive Order 12898 states “*Each Federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations. Each Federal agency, whenever practicable and appropriate, shall collect, maintain, and analyze information assessing and comparing environmental and human health risks borne by populations identified by race, national origin, or income. To the extent practical and appropriate, Federal agencies shall use this information to determine whether their programs, policies, and activities have disproportionately high and adverse human health or environmental effects on minority populations and low-income populations.*”

Further, the Federal Highway Administration establishes three fundamental environmental justice principles (as outlined in the [USDOT MOU on Environmental Justice and Executive Order 12898](#)):

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

Therefore, all recipients of Federal aid are required to certify nondiscrimination under *Title VI* of the *Civil Rights Act of 1964*. To ensure that the WATS MPO meets the principles laid out by the Executive Order 12898, US census tract data is gathered and an Environmental Justice mapping analysis are completed in order to determine where minority and low-income populations may exist. Projects are then overlaid onto this map and project specific analysis is completed to determine the “benefits and burdens” on how transportation investments are affecting the WATS MPO minority and low-income populations.

The WATS MPO addresses Environmental Justice compliance procedures further in this plan in the [WATS MPO Environmental Justice Plan](#).

Limited English Proficiency (LEP)

On August 11, 2000, the President signed Executive Order 13166, “Improving Access to Services for Persons with *Limited English Proficiency, (LEP)*. “LEP” persons are those individuals who do not speak English as their primary language, and who have a limited ability to read, speak, write or understand English. The key commonality among LEP persons is their inability to communicate effectively in the English language, regardless of their native tongue. Persons that are multi-lingual, in that they speak one or more other languages **in addition to being proficient in English**, are not considered Limited English Proficient. The Executive Order is intended to improve access to federally assisted programs and activities for persons who, because of national origin, are limited in their English proficiency.

The Federal Highway Administration has published guidance related to LEP in 2005, which includes methods by which transportation agencies can determine the need for translation of materials or provision of interpreters at public hearings or other events. It states that recipients “are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons.” The WATS MPO addresses Limited English Proficient accommodation procedures further in this plan in the [WATS MPO LEP Plan](#).

State Requirements – Public Participation Plan

Commonwealth of Pennsylvania, Sunshine Law

Act 84 of 1986 as amended June 15, 1993, February 26, 1996 and October 15, 1998 is an act requiring public agencies to hold certain meetings and hearings open to the public; and providing penalties. The PA General Assembly finds that secrecy in public affairs undermines the faith of the public in government. Highlights of this law include:

- ❖ *Official action and deliberation by a quorum of the members of an agency shall take place at a meeting open to the public.*
- ❖ *Written minutes shall be kept of all open meetings of agencies.*
- ❖ *Public notice is not required in the case of an emergency meeting or a conference.*
- ❖ *The board or council has the option to accept all public comment at the beginning of the meeting.*
- ❖ *A person attending a meeting of an agency shall have the right to use recording devices to record all the proceedings.*

Chapter 3 - Overview of the WATS Transportation Planning Process

MPO Public Participation Plans

Federal regulations (23 CFR 450.316) requires MPO's to develop and document, in consultation with interested parties, a Public Participation Plan that details strategies for incorporating visualization techniques, using electronic media, holding public meetings, and responding to public input, among other things, prior to development of the MPO Long Range Transportation Plan and MPO Transportation Improvement Program. The public involvement process shall include the publication and distribution of draft versions of the proposed plan(s) and provide adequate opportunities for review and comment. The approved plan must also be published or made readily available in other ways for informational purposes. Where possible, this process should include visualization techniques and make use of the internet. Federal regulations (detailed in [23 CFR 450.316](#)) require that public officials (elected and appointed) and citizens have adequate opportunity to participate in the development of the Transportation Improvement Program, Long Range Transportation Plan, Public Participation Plan, Unified Planning Work Program, and other plans/products before it is approved and adopted by the MPO. The regulations explicitly identify several parties who should be engaged and involved throughout the plan development / update process.

The purpose of this section is to describe the public participation process for the WATS MPO. The Public Participation Plan consists of methods that facilitate and encourage citizen participation in the WATS MPO transportation planning process. Public involvement is a **right of all residents** of Lycoming County. Public participation is essential to good planning. Without meaningful public participation, there is a risk of making poor decisions, or decisions that have unintended negative consequences. The fundamental objective of public participation programs is to make certain that everyone with an interest in transportation decisions has an opportunity to provide input in the development of policies, programs and projects that are proposed in Lycoming County.

The Public Participation Plan (PPP) is the tool that the WATS MPO uses to ensure residents and stakeholders have a voice in the project development and planning processes. In 1991, Congress passed the Intermodal Surface Transportation Efficiency Act of 1991 in an effort to increase the amount of public involvement in transportation planning. The emphasis for greater public involvement in transportation planning was continued with the passage of the Transportation Equity Act for the 21st Century (TEA-21), the Safe, Accountable, Feasible, Efficient Transportation Act – A Legacy for Users (SAFETEA-LU), the Moving Ahead for Progress in the 21st Century Act (MAP-21), and the Fixing America's Surface Transportation Act (FAST). The WATS MPO Public Participation Plan is designed to establish a process that provides:

- Timely information to the public
- Timely public notice of meetings, advisory committee appointments, and workshops
- Public access to key decisions

- Early and continuing involvement of the public in developing transportation plans and transportation improvement programs

The WATS MPO Public Participation Plan meets 23 CFR 450.316 requirements by:

- Providing citizens and affected public agencies, and representatives of public transportation employees a forum for public participation in statewide and regional planning processes.
- Develops its Public Participation Plan in consultation with all interested parties
- Employs visualization techniques to describe plans
- Holds public meetings at convenient and ADA accessible locations and times
- Ensures public information is available in electronically accessible format, such as the internet, as appropriate to afford reasonable opportunity for consideration of public information.
- In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

WATS MPO Approach toward Fulfillment of Public Participation Process

This section of the Public Participation Plan specifically outlines how the WATS MPO, responds to the previously outlined federal and state requirements regarding public involvement in the development of the LRTP, TIP, and during the transportation project development process and preparation of special studies and related plans.

Interested Parties

Interested parties were defined via a change in the planning regulations for Public Participation Plans in 23 CFR 450.316. In response, the WATS MPO has further defined interested parties to ensure local public participation among all categories of transportation users and stakeholders defined in the law. The Public Participation Plan identifies a number of organizations as interested parties. The WATS MPO conducts direct mailings, emails, and outreach calls to multiple interested parties / stakeholder organizations during development of the WATS Long Range Plan, the Transportation Improvement Program, and other WATS initiatives as appropriate. A full interested party organization list is found in [Appendix B Interested Party Organizations](#) of the Public Participation Plan.

WATS MPO Products/Reports

There are a number of reasons that public involvement / public participation is important to the WATS MPO product process. As mentioned previously, public participation is essential to good planning. Without meaningful public participation, there is a risk of making poor decisions, or decisions that have unintended negative consequences. Below is a list of the different products the WATS MPO creates/updates, along with the estimated timeline for completion. All of the products/reports are viewable/accessible via the [WATS](#)

[MPO website](#) and print versions of all products/reports are available at the Lycoming County Planning and Community Development Department.

Product	Update Cycle	Current		Next
		Adoption/Completion	Required Adoption	Targeted Completion
Unified Planning Work Program (UPWP)	2 Years	November 8, 2021	January 31, 2022	November 8, 2021
Long Range Transportation Plan (LRTP)	5 Years	December 17, 2018	December 17, 2023	December 17, 2023
Transportation Improvement Program (TIP)	2 Years	June 13, 2022	July 15, 2022	June 30, 2022
Environmental Justice Analysis of Benefits and Burdens	As part of the TIP and LRTP	December 17, 2018	As needed	February 14, 2022
Public Participation Plan (PPP)	As Needed	January 27, 2020	As needed	February 14, 2023
Title VI Policy & Procedures	As Needed	January 27, 2020	As needed	February 14, 2023
Limited English Proficiency (LEP) Plan	As Needed	January 27, 2020	As needed	February 14, 2023
Coordinated Public Transit Plan	As Needed	November 18, 2019	As needed	As needed
Local Technical Assistance Program (LTAP) Annual Report	Annual	November 2022	October 31, 2022	October 17, 2022
Annual List of Federally Obligated Projects	Annual	December 17, 2021	December 31, 2022	December 5, 2022
WATS MPO Annual Report	Annual	November 2022	As needed	October 17, 2022

Unified Planning Work Program (UPWP)

The Unified Planning Work Program describes the transportation-related work activities that the Lycoming County Department of Planning and Community Development (PCD) and River Valley Transit Authority (RVTA) (with the aid of planning consultants, as necessary) will perform within Lycoming County.

The UPWP is updated every 2 years. During the update process, the WATS MPO will ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, and seek public input early and often during the UPWP development. This includes multiple opportunities for public comment/participation throughout the review process and 30-day public comment period. A Summary of Public

Comments will be included in the final UPWP showing analysis and disposition of public comments.

Examples of public comment/participation opportunities include Lycoming County Commissioner meetings, Lycoming County Planning Commission meetings, social media notices, WATS MPO meetings, accessing the draft UPWP from the [WATS MPO website](#), accessing the draft UPWP print copies available at the WATS MPO office, and by contacting the WATS MPO staff members directly. In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Long Range Transportation Plan (LRTP)

The Long-Range Transportation Plan delineates how the available and projected transportation funds will be spent in Lycoming County over a 20-year period. A staged transportation project listing is included along with estimated costs, funding sources and timeframes to undertake each project phase. The plan is fiscally constrained in that project costs do not exceed present and future funding levels reasonably expected to be received during the plan's timeframe. The plan addresses federal requirements to adjust project cost estimates to reflect the Year of Expenditure inflation factors in accordance with PennDOT issued guidance. The Long-Range Transportation Plan also outlines the MPO's "vision" of the future transportation system; describes all existing modes of transportation such as highways, bridges, public transit, air service, rail service and bicycle and pedestrian facilities; addresses federal planning factors, and provides public policy statements by transportation mode.

The LRTP also includes a full treatment of how WATS will study and address environmental justice concerns within the transportation planning and programming process. Because the WATS MPO utilizes federal funds to plan and implement transportation projects, the MPO is responsible for undertaking analysis of federally funded projects listed within the LRTP and TIP. WATS MPO conducts environmental justice benefits and burdens analysis during the Transportation Improvement Program update, the Long-Range Transportation Improvement Program update, and as needed. The outcome of this analysis is used to inform the Public Participation process for the WATS MPO. Depending on the results of the EJ analysis, public participation outreach could include a more focused approach in impacted areas.

The LRTP is updated every 5 years. As LRTP updates and the EJ benefits and burdens analyses are performed the WATS MPO will ensure the full and fair participation by all

potentially affected communities in the transportation decision-making process and seek public input early and often during LRTP development. This includes multiple opportunities for public comment/participation during the 45-day public comment period. A Summary of Public Comments will be included in the final LRTP showing analysis and disposition of public comments.

Examples of public comment/participation opportunities include Lycoming County Commissioner meetings, Lycoming County Planning Commission meetings, social media notices, WATS MPO meetings, accessing the draft LRTP from the [WATS MPO website](#), accessing the draft LRTP print copies available at the WATS MPO office, and by contacting the WATS MPO staff members directly. In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting. In addition, the WATS MPO coordinates directly with tribal nations that once had a presence in Lycoming County for review of the LRTP as part of the 45-day public comment period.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

The next plan update is scheduled by the WATS MPO for adoption by December 17, 2023 (plan development will begin in July 12 2021).

2018-2038 WATS Long Range Plan Development Public Meeting Schedule

This section outlines the 2018-2038 LRTP development and public meeting schedule. There were 15 publicly advertised meetings held or arranged by WATS during the development of this WATS Long Range Transportation Plan Update as follows:

<i>Public Meeting</i>	<i>Date/Time</i>	<i>Place</i>	<i>Topics Discussed</i>
WATS Technical Committee	9/11/17 10:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Plan Update Kickoff
WATS Coordinating Committee	9/25/17 1:00 PM	Executive Plaza, 330 Pine St, Williamsport PA	Chapter 2
WATS Technical Committee	12/4/17 10:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Opportunity for Public Input
WATS Coordinating Committee	12/18/17 1:00 PM	Executive Plaza, 330 Pine St, Williamsport PA	Opportunity for Public Input
WATS Technical Committee	1/29/18 10:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Chapter 3
WATS Coordinating Committee	2/1/18 12:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Chapter 3
WATS Technical Committee	4/16/18 10:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Chapter 1
WATS Coordinating Committee	4/30/18 1:00 PM	Executive Plaza, 330 Pine St, Williamsport PA	Chapter 1

Williamsport Area Transportation Study Metropolitan Planning Organization
Public Participation Plan

WATS Technical Committee	6/1/18 12:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Chapter 4
WATS Coordinating Committee	6/18/18 1:00 PM	Executive Plaza, 330 Pine St, Williamsport PA	Chapter 4
Lycoming County Board of Commissioners	11/1/2018 10:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Opportunity for Public Input / Presentation of Draft Plan
Lycoming County Planning Commission (Canceled due to weather)	11/15/2018 6:00 PM	Executive Plaza, 330 Pine St, Williamsport PA	Opportunity for Public Input / Presentation of Draft Plan
WATS Technical Committee	12/3/18 10:00 AM	Executive Plaza, 330 Pine St, Williamsport PA	Opportunity for Public Input / Presentation of Draft Plan
WATS Coordinating Committee	12/17/18 1:00 PM	Executive Plaza, 330 Pine St, Williamsport PA	Summary of Public Comment / Plan Adoption
Lycoming County Planning Commission	12/20/2018 6:00 PM	Executive Plaza, 330 Pine St, Williamsport PA	Rescheduled Presentation of Adopted Plan

The WATS Technical Committee served as the overall WATS Long Range Transportation Plan development steering committee. In addition to the above noted public meeting schedule, an Agency Coordination Meeting, (ACM) consultation was held with ACM participation environmental agencies on **August 22, 2018** fulfilling the federal environmental consultation public involvement requirements. For this draft of the Long-Range Transportation Plan, WATS, following the ACM presentation, which began on October 18, 2018 and concluded on December 7, 2018, advertised the federally required 45-day public comment period. A significant snowstorm, which occurred on the day of the second of two public hearings (11/15/18), forced the rescheduling/re-advertising of the hearing for the December 3, 2018 WATS Technical Committee meeting. In doing so, the public comment period was extended for an additional week to December 7, 2018.

All public comments were summarized and addressed prior to the WATS MPO plan adoption date on **December 17, 2018**. The next Long-Range Plan Update adoption is scheduled for December 17, 2023.

Transportation Improvement Plan (TIP)

The WATS Transportation Improvement Program, (TIP) is a document identifying all highway, bridge and public transit projects containing Federal, State and local funds being programmed within Lycoming County during the next four Federal Fiscal Years. These types of projects cannot proceed until they are included on the TIP. The WATS MPO develops the TIP cooperatively between PennDOT, the Lycoming County PCD and RVTA for review and approval every two years. Again, an extensive MPO public involvement process is employed during development of the TIP. Projects are identified from the WATS Long Range Transportation Plan, coordination with PennDOT Engineering District 3-0, PennDOT Center for Program Development and Management, Federal Highway Administration (FHWA), Federal Transit Administration (FTA), and River Valley Transit Authority (RVTA). All projects are consistent with financial guidance provided by PennDOT, as the TIP must also be fiscally constrained. Upon approval by the WATS MPO, the TIP is forwarded to PennDOT and FHWA / FTA for final approval. Modifications or formal amendments to the TIP can be considered by the MPO at any time. The MPO has adopted TIP Administrative Procedures to process TIP modifications and formal amendments.

Because the WATS MPO utilizes federal funds to plan and implement transportation projects, the MPO is responsible for undertaking analysis of federally funded projects listed within the LRTP and TIP. The WATS MPO TIP includes a full treatment of how WATS will study and address environmental justice concerns within the transportation planning and programming process. WATS MPO conducts environmental justice benefits and burdens analysis as needed. The outcome of this analysis is used to inform the Public Participation process for the WATS MPO.

The TIP is updated every 2 years. As TIP updates and the EJ benefits and burdens analyses are performed the WATS MPO will ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, and seek public input early and often during TIP development. This includes multiple opportunities for public comment/participation, and a draft TIP public hearing, during the 30-day public comment period. In addition, the WATS MPO coordinates directly with tribal nations that once had a presence in Lycoming County for review of the TIP as part of the 30-day public comment period. A Summary of Public Comments will be included in the final TIP showing analysis and disposition of public comments

Examples of public comment/participation opportunities include Lycoming County Commissioner meetings, Lycoming County Planning Commission meetings, social media notices, WATS MPO meetings, accessing the draft TIP from the [WATS MPO website](#), accessing the draft TIP print copies available at the WATS MPO office, and by contacting the WATS MPO staff members directly. In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Public Participation Plan (PPP)

The WATS MPO conducts updates to the Public Participation Plan as needed. As part of the update process the WATS MPO reviews the Environmental Justice Analysis of Benefits and Burdens, the Title VI Policy and Procedures, and the Limited English Proficiency Plan and makes changes as needed using the most current U.S. Census and other data.

During the update process the WATS MPO will ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, and seek public input early and often during PPP development. This includes multiple opportunities for public comment /participation during the 45-day public comment period. The WATS MPO opened the draft PPP public comment period on December 6, 2022 and closed the public comment period on January 20, 2023 (45-days).

The Draft 2023 WATS MPO PPP was posted on the WATS MPO Involvement [website](#) and links to the draft PPP were shared on the MPO social media accounts. Printed copies of the draft 2023 WATS MPO PPP were mailed to parties on the Interested Party Organization list ([Appendix B](#)) and made available at the WATS MPO offices. A Summary of Public Comments will be included in the final PPP showing analysis and disposition of public comments.

Examples of public comment/participation opportunities include WATS MPO meetings, social media notices, accessing the draft PPP from the [WATS MPO website](#), accessing the draft PPP print copies available at the WATS MPO office, during the 45-day draft PPP public comment period, and by contacting the WATS MPO staff members directly with any comments. In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting. In addition, the WATS MPO coordinates directly with tribal nations that once had a presence in Lycoming County for review of the PPP as part of the 45-day public comment period.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Title VI Policy and Procedures

The Title VI Policies and Procedures are included in the PPP and are updated, as needed, during the Public Participation Plan update. During this review, the WATS MPO utilizes the most current U.S. Census and other data ([WATS MPO Title VI Plan](#)).

By way of incorporating the Title VI Policy and Procedures into the PPP during the update process, the WATS MPO ensures the full and fair participation by all potentially affected communities in the transportation decision-making process. This includes multiple opportunities for public comment /participation during the 45-day public comment period. Examples of public comment/participation opportunities include WATS MPO meetings, social media notices, targeted public outreach events, accessing the draft PPP from the [WATS MPO website](#), accessing the draft PPP print copies available at the WATS MPO office, and by contacting the WATS MPO staff members directly with any comments. In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA

17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Limited English Proficiency Plan (LEP Plan)

Because the WATS MPO utilizes federal funds to plan and implement transportation projects, the MPO is responsible for improving meaningful access to the MPO programs, activities, and opportunities for public participation to persons with Limited English Proficiency. The LEP Plan is included in the PPP and is updated, as needed, during the Public Participation Plan update.

By way of incorporating the Limited English Proficiency Plan into the PPP during the update process, the WATS MPO ensures the full and fair participation by all potentially affected communities in the transportation decision-making process. This includes multiple opportunities for public comment /participation during the 45-day public comment period. Examples of public comment/participation opportunities include WATS MPO meetings, social media notices, targeted public outreach events, by posting the draft PPP on the [WATS MPO website](#), accessing the draft PPP print copies available at the WATS MPO office, and by contacting the WATS MPO staff members directly with any comments.

In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Coordinated Public Transit Plan

Federal transit law requires that projects selected for funding under the Enhanced Mobility for Individuals and Individuals with Disabilities (Section 5310) Program be *"included in a locally developed, coordinated public transit-human services transportation plan,"* and that the plan be *"developed and approved through a process that included participation by seniors, individuals with disabilities, representatives of public, private, and nonprofit transportation and human services providers and other members of the public"* utilizing transportation services. The WATS MPO collaborates with the Susquehanna Economic Development Association (SEDA) Council of Governments (COG) for the Coordinated Public Transit Plan. These coordinated plans identify the transportation needs of individuals with disabilities, older adults, and people with low incomes, provide strategies for meeting these needs, and prioritize transportation services for funding and implementation.

Updates to the Coordinated Public Transit Plan are performed as needed. As updates occur, the WATS MPO and SEDA COG will ensure the full and fair participation by all

potentially affected communities in the transportation decision-making process by providing opportunities for public comment/participation throughout the development process. Examples of public comment/participation opportunities include SEDA-COG meetings, WATS MPO meetings, social media notices, targeted public outreach events (Listening Sessions, etc.), accessing the draft Coordinated Public Transit Plan from the [WATS MPO website](#) and the [SEDA-COG website](#), accessing the draft Coordinated Public Transit Plan print copies available at the WATS MPO office and SEDA-COG office, and by contacting the WATS MPO staff members directly with any comments.

In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

On November 18 2019, the WATS MPO adopted the 2019 update to the joint Coordinated Public Transit-Human Services Transportation Plan.

Local Technical Assistance Program (LTAP) Annual Report

The WATS MPO has collaborated with PennDOT since 2005 to assist in delivery of the LTAP program. The contracting mechanism for the MPO involvement is by inclusion of a task in the WATS Unified Planning Work Program. As a part of the delivery of the LTAP program, WATS MPO produces an annual report of LTAP activity in the prior year.

The WATS MPO will ensure the full and fair participation by all potentially affected communities in the transportation decision-making process. This includes opportunities for public comment. Examples of public comment opportunities include the ability for the public to comment/ask questions regarding the report by presenting the LTAP Annual Report at WATS MPO meetings, posting the Annual Report on the [WATS MPO LTAP website](#), accessing the Annual Report print copies available at the WATS MPO office, or by contacting MPO staff members directly with any comments.

In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA

17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Annual List of Federally Obligated Projects

As a requirement of the Fixing America's Surface Transportation (FAST Act) legislation, MPOs are required to prepare an annual report that lists and summarizes all projects for which funding has been obligated during the prior Federal Fiscal Year (ending September 30). This report must be completed within 90-days of the end of the Federal Fiscal Year and is made available to the public.

The Federal Highways Administration (FHWA) defines "obligated" as "the Federal government's promise to pay a State for the Federal share of a project's eligible cost." Funding can also be "de-obligated" in response to lower than expected costs, project cancellation, or other factors, and these released funds are frequently redirected to other projects.

The WATS MPO will ensure the full and fair participation by all potentially affected communities in the transportation decision-making process. This includes opportunities for public comment. Examples of public comment opportunities include the ability for the public to comment/ask questions regarding the report by presenting the Annual List at WATS MPO meetings, posting the Annual List on the [WATS MPO website](#), accessing the Annual List print copies available at the WATS MPO office, or by contacting MPO staff members directly with any comments.

In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

WATS MPO Annual Report

Each year in the fall, the WATS MPO produces an annual report of activity in the previous calendar year. The annual report includes involvement in major projects, milestones reached in major planning deliverables, any staffing changes, and financial information related to the work program. Also included are summaries of status, trends, and progress related to performance measures on the WATS MPO transportation system.

The WATS MPO will ensure the full and fair participation by all potentially affected communities in the transportation decision-making process. This includes opportunities for public comment. Examples of public comment opportunities include the ability for the public to comment/ask questions regarding the annual report by presenting the WATS

MPO Annual Report at WATS MPO meetings, posting the Annual Report on the [WATS MPO website](#), accessing the Annual Report print copies available at the WATS MPO office, or by contacting MPO staff members directly with any comments.

In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Chapter 4 – Compliance with State and Federal Requirements

WATS Public Outreach Techniques

The Lycoming County Planning Commission utilizes a variety of public outreach techniques to encourage public participation in the development of WATS programs, including the Long-Range Transportation Plan and Transportation Improvement Program, and other products previously stated. These outreach techniques are summarized below.

Public Participation Element	Outreach Technique
WATS Documents Availability	LCPC Office, Interested Party mailings, WATS MPO website
Comment Opportunities	Public meetings, written comments (email or hardcopy)
Public Meeting	Hold minimum of 1 public meeting during public comment period and 1 public meeting at plan adoption stage
Virtual Public Meeting	In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.
Public Comment Period Notice	Publish legal notice at least 30 calendar days prior to TIP public comment period ending, 45 calendar days for LRTP ending (appearing in the Williamsport Sun Gazette minimum of 3 times), 30 calendar days for the UPWP ending, and 45 calendar days for the PPP ending. All public comment period notices are posted on the WATS MPO website , and WATS MPO social media accounts along with a draft (or link) of the product for review.

Public Meeting Notice	Publish legal notice the Monday prior to the public meeting (appearing in Williamsport Sun Gazette and WATS MPO social media pages) and via the MPO social media accounts.
Public Comment Summary	Prepare a summary of comments received (during public comment period) and incorporate public comments into products.
Visualization Techniques	Where appropriate, make use of Geographic Information System (GIS) to develop maps, charts, figures, presentations, public displays, and annual reports for outreach
Social Media	Public announcements and updates on major activities will be posted to WATS MPO Facebook, YouTube, Linked In, Twitter, and Instagram accounts. The WATS MPO utilizes the Facebook, Twitter, and Instagram accounts to profile local transportation projects and updates on ongoing projects, inform public of WATS MPO Technical, Coordinating Committee, and Transit Advisory Committee meeting dates/times/locations, and inform the public of emergency alerts authored by PennDOT and other sources. The MPO utilizes the Linked In account to connect with potential engineering/contracting firms for projects.

WATS MPO General Public Participation Procedures

To ensure the full and fair public participation in the transportation decision-making process the WATS MPO implements the following general procedures for public comment/participation.

Public Meetings

- All WATS MPO meetings are held on Mondays and are open to the public. The WATS MPO meetings are publicly advertised in the Williamsport Sun Gazette the Monday prior to the WATS MPO meeting. Requests for accommodations can be made 4 business-days prior to the MPO meeting.
- All other public meetings will be advertised in the Williamsport Sun Gazette 7 business-days prior to the meeting date. Requests for accommodations can be made 4 business-days prior to the public meeting.
- In addition, all WATS MPO meetings are advertised on the WATS MPO social media sites. Agendas for the meetings are available at the meetings, and are posted on the [WATS MPO website](#) prior to all meetings.
- Minutes of all WATS public meetings are prepared by LCPC staff and are posted on the [WATS MPO website](#), after WATS approval at their public meeting and copies are publicly available from the LCPC office upon request.
- All WATS public meetings are typically held at the Lycoming County Executive Plaza Building, 330 Pine St., Williamsport, PA 17701. In instances where the Executive Plaza Building is unavailable, the secondary meeting location is the Michael Ross Event Center in the Trade and Transit Centre II Building, located at

144 W 3rd. St. Williamsport, PA 17701. Both facilities are ADA compliant and accessible to public transportation provided by River Valley Transit Authority, which operates a fully accessible fixed route transit fleet as well as ADA paratransit services subcontracted through a shared ride provider, STEP, Inc.

- In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting. The meeting information will be advertised in the Williamsport Sun Gazette as well as the MPO social media accounts (Facebook, Twitter, Instagram, etc.).

Unplanned/Short Notice Meeting Procedure

To ensure the full and fair public participation in the transportation decision-making process the WATS MPO implements the following procedure in the event of an unplanned or short notice meeting:

- In accordance with Section 3 of the WATS MPO Bylaws when formal actions need to be expedited without the opportunity to convene a public meeting, an electronic mail ballot and/or phone ballot may be conducted in accordance with the WATS MPO approved Public Participation Plan.
 - The Lycoming County Planning and Community Development Department staff will determine the appropriateness of the voting technique used to poll WATS voting members.
 - The result of the vote will not be considered valid until a voting majority has been obtained.
 - All WATS voting members will be afforded five business days to review information provided and cast their vote.
 - The Lycoming County Planning and Community Department Staff will notify all WATS voting members of the result.
 - The voting action will be re-affirmed by vote at the next regularly scheduled WATS MPO public meeting.

Public Comment

- WATS MPO publishes a Public Comment Period Notice at least 30 calendar days prior to the TIP public comment period ending, and 45 calendar days prior to the Long-Range Transportation Plan ending (the notices appear in the Williamsport Sun Gazette a minimum of 3 times), 30 calendar days for the UPWP ending, and 45 calendar days for the PPP ending. All public comment period notices are posted on the [WATS MPO website](#), WATS MPO social media accounts, and along with a draft of the product for review.
- WATS MPO will hold a minimum of one public meeting during the public comment period and one public meeting at the plan adoption stage.
- The WATS MPO accepts public comment on draft products at Lycoming County Commissioner meetings, Lycoming County Planning Commission meetings, social media notices, WATS MPO meetings, accessing the draft product from the [WATS](#)

[MPO website](#), accessing the draft print copies available at the WATS MPO office, and by contacting the WATS MPO staff members directly.

- After the public comment period has ended, the WATS MPO staff will prepare a summary of all comments received, how those comments were addressed, and incorporate the public comments into products.

Outreach and Visualization Techniques

- The WATS MPO, where appropriate, makes use of Geographic Information System (GIS) to develop maps, charts, figures, presentations, public displays, and annual reports for outreach.
- The WATS MPO posts public announcements to profile local transportation projects, updates to ongoing projects, inform the public of MPO Technical, Coordinating, and Transit Advisory Committee meetings, dates, times, locations, public comment period notices, and updates on other major activities to the [WATS MPO website](#), and the MPO Facebook, Twitter, and Instagram accounts.
- The WATS MPO utilizes targeted public outreach events/activities as needed when for projects/products
- All public information requests for WATS MPO produced documents are handled directly either by the Lycoming County Planning Department Staff or by the Lycoming County Director of Administration, who is the Lycoming County Right to Know Public Information Officer. All requests are handled in a manner that complies with state law.

Public Participation Plan Requirements

Compliance with PA Sunshine Law

In order to ensure the full and fair participation by all potentially affected communities in the transportation decision-making process and comply with the [Commonwealth of Pennsylvania Sunshine Law](#), the WATS MPO utilizes the [general procedures](#) previously outlined. Whereby all WATS MPO meetings are held on Mondays and are open to the public. The WATS MPO meetings are publicly advertised in the Williamsport Sun Gazette the Monday prior to the WATS MPO meeting. Requests for accommodations can be made 4 business-days prior to the meeting. Agendas for the meetings are available at the meeting and are posted on the [WATS MPO website](#) prior to all meetings. Public information requests for WATS produced documents are handled directly either by the Lycoming County Planning Department Staff or by the Lycoming County Director of Administration, who is the Lycoming County Right to Know Public Information Officer. All requests are handled in a manner that complies with state law. Minutes of all WATS public meetings are prepared by LCPC staff and are posted on the [WATS MPO website](#), after WATS approval at their public meeting and copies are publicly available from the LCPC office upon request.

Compliance with Federal Government Requirements

The WATS MPO initially developed a Public Participation Plan in 1994 with subsequent plan updates since that time to ensure compliance with [Federal Public Participation](#)

[Requirements](#) and to respond to changing demographics and emerging new technologies that have become available to the WATS MPO to improve public outreach techniques. The WATS MPO Public Participation Plan update provides a demographic overview of Lycoming County based on U.S. Bureau of Census American Community Survey information.

Population Trends

According to the U.S. Bureau of Census 2019 American Community Survey Population Estimate figures, there is an estimate of 113,605 persons residing in Lycoming County. From 1970 to 2000, Lycoming County’s population grew by 6,748 persons (a 6% overall gain) which was higher than Pennsylvania’s overall population growth at 4.1%. However, based on the 2021 US Census Bureau population estimates, the population of Lycoming

County peaked sometime in the late 1990s and has begun to decline. Projecting the 100-year population trend forward for Lycoming County suggests that within the 20-year planning horizon of this long-range plan the population of Lycoming County will be at a similar level to what it was in the late 1960s.

Up to and including the 2020 Census, the population of Lycoming County was steadily growing. From 1970 to 2000, Lycoming County’s population grew by 6,748 persons (a 6% overall gain) which was higher than Pennsylvania’s overall population growth at 4.1%. However, based on the 2019 Census American Community Survey count of population and annual American Community Survey (ACS) estimates for the county’s population, the population of Lycoming County peaked sometime in the late 1990s and has begun to decline. Projecting the 100-year population trend forward for Lycoming County suggests that within the 20-year planning horizon of this long-range plan the population of Lycoming County will be at a similar level to what it was in the late 1960s.

Population change trends for Lycoming County and Pennsylvania

Similar to statewide trends, Lycoming County population has been shifting outward from the City and Boroughs (incorporated municipalities) into the suburban and rural Townships. Municipalities that have seen population growth are mostly rural Townships located generally along the I-180 corridor between Williamsport and the Borough of Muncy. Within this general area of the county, the Townships of Wolf, Mill Creek, Fairfield and Penn each realized population growth over 5%. Muncy Township and Loyalsock Township each grew by 3% and 1.5% respectively. Meanwhile, the incorporated municipalities within this same area saw large population declines:

Picture Rocks: -2%

Montoursville: -3.4%

Hughesville: -4%

Williamsport: -4.3%

Muncy: -7%

Collectively, these 5 municipalities lost 1,780 people between the 2000 and 2010 census, 1.5% of the total county population in 2000.

Meanwhile, even larger percentage decreases in population occurred in the central and northern parts of the county. The Townships of Old Lycoming, Pine, Plunketts Creek, Gamble, Lewis, Brown, McNett and Cummings each saw population decrease by over 10% from the 2000 to the 2010 census.

Population by Age Group

The population of Lycoming County is also becoming older on average. However, the largest driver of this trend is not an increase of people over the age of 65 but instead a diminishing proportion of the population under the age of 18. The youth population of the county has seen a steady linear decrease over the 50-year period from 1960-2010. From 1960 to 2010, the proportion of the population in Lycoming County under the age of 18 decreased from 37% to 21%. This was a numerical decrease of nearly 16,000 from a high of nearly 40,000 in 1960 to just 24,000 in 2010. Meanwhile, the proportion of the population aged 65 or over has increased from 11% to 16%. This was a numerical increase of less than 7,000 from about 12,500 in 1960 to just over 19,000 in 2010.

Looking at the breakdown of the population in 2010 based on age reveals another trend greatly influencing the current population composition and future demographics of Lycoming County. Currently, the largest age cohort in Lycoming County is individuals aged 50-54.

In addition, individuals aged 45-49 and aged 55-59 make up a large proportion of the population. Our large (2,211 in the 2010 census) college student population buoys the numbers of those aged 15-24 in the county. Over the lifespan of this plan, with a 20-year planning horizon, the largest age group within the county (those aged 45-59 in 2010, 22% of the total population) will enter their retirement years and then begin to decline in numbers due to mortality. Without an influx of population from outside of the county or a drastic increase in birth rates, Lycoming County is likely to see a dramatic decline in population between the years 2018 and 2038.

The chart below shows the percent of population by age group breakdown for the Lycoming County total and per municipality for the *under 18, 18-64, and 65 and over* age groups.

Williamsport Area Transportation Study Metropolitan Planning Organization
Public Participation Plan

Source: [US Census American Community Survey 2019 5-Year Estimates](#)

In terms of a future countywide total population forecast, the Lycoming County Comprehensive Plan Update anticipates total population to decrease to 112,000 persons by 2020 with a further decrease to 106,000 persons by 2030, which is the new County Comprehensive Plan Update horizon year. A hypothesized reason for this decrease is attributed to “brain drain” trends where younger people going to colleges and universities elsewhere do not return to Lycoming County for employment once students graduate. This trend is supported by the 2019 ACS 5-year estimates showing Lycoming County’s population to have dropped to 113,299.

Environmental Justice Plan

Identification of Minority and Low-Income Areas

Presidential Executive Order 12898 states that “each Federal agency shall make achieving environmental justice part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of its programs, policies, and activities on minority populations and low-income populations.” Because the WATS MPO is responsible for allocating federal funds, the MPO is required to consider Environmental Justice (EJ). Within the transportation field, environmental justice is guided by three core principles:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process.
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations.

The WATS MPO meets these requirements by providing data and mapping of Lycoming County minority and low-income areas utilizing U.S. Bureau of Census information, along with analysis of proposed transportation project impacts related to minority and low-income populations in the LRTP and TIP. The WATS MPO uses the Pennsylvania Department of Transportation guidance issued to the MPOs and RPOs of Pennsylvania, when performing equity analysis by incorporating the following “core elements”:

1. Identify minority and low-income areas
2. Assess conditions and identify needs
3. Evaluate burdens and benefits
4. Identify and address disproportionate and adverse impacts and inform future planning efforts

Identification of traditionally underserved and underrepresented populations

Executive Order 12898 specifies that *minority* and *low-income* populations must be considered in Environmental Justice analysis and these populations were identified using

data from the U.S. Bureau of Census 2010 Decennial Census and the American Community Survey, (ACS). The following definitions are used for the purposes of this analysis:

- **Minority:** Any individual or group that self-identifies as a member(s) of the racial categories Black/African American, Asian American, American Indian/Alaskan Native, Native Hawaiian/other Pacific Islander and the ethnic category Hispanic/Latino.
- **Minority Population:** Any readily identifiable group of minority persons who live in geographic proximity, and if circumstances warrant, geographically dispersed/transient persons (such as migrant workers or Native Americans) who would be similarly affected by a proposed DOT program, policy, or activity.
- **Low-Income:** Households at or below the federal poverty level.
- **Low-Income Population:** Any readily identifiable group of low-income persons who live in geographic proximity, and, if circumstances warrant, geographically dispersed/transient persons (such as migrant workers or Native Americans) who would be similarly affected by a proposed DOT program, policy, or activity.

A complete list of definitions for these categories is found in [Appendix D Glossary](#) at the end of this document.

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO, as part of the preliminary design phase of proposed projects, coordinates with PennDOT and consultant teams to avoid, minimize, and mitigate adverse impacts to minority and low-income populations. These efforts are documented in the environmental clearance documents for each project.

For other transportation projects, which are advancing from the WATS Long Range Transportation Plan for programming on the WATS Transportation Improvement Program preliminary design phase, WATS will work with PennDOT and other project sponsors to identify the minority and low-income areas and evaluate direct and indirect impacts of the projects on these populations. For projects that have advanced beyond preliminary design phase, WATS, PennDOT and other project sponsors will work to avoid, minimize and mitigate adverse impacts to minority and low-income areas. Again, these efforts are documented in the appropriate environmental clearance documents for the projects.

In terms of transit, it should be recognized that WATS, River Valley Transit Authority and STEP, Inc. actively solicit input from minority and low-income areas through the WATS Transit Advisory Committee that includes numerous social service organizations providing programs and services supporting the transportation needs of such populations. RVTA and STEP continually attempt to improve public transit service to key growth areas, which include subject populations.

On November 18, 2019, the WATS MPO adopted an update to its Coordinated Public Transit-Human Services Transportation Plan in conjunction with the SEDA-COG MPO. This plan helps guide the distribution of federal funds from certain transit programs that serve low-income, minority, persons with disabilities, and the elderly population. A large

number of stakeholders provided input about this Coordinated Plan, including many stakeholders that directly or indirectly represent minority and low-income populations.

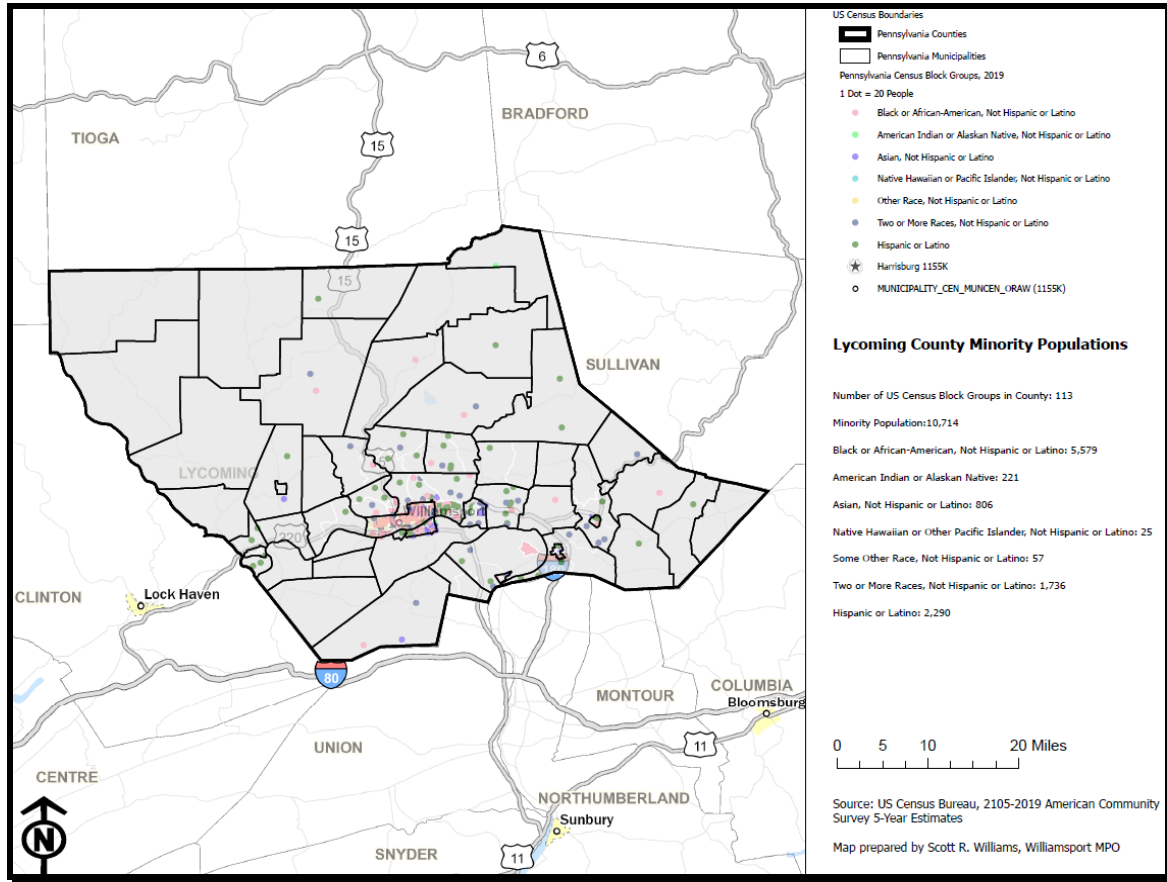

Identification of Minority Populations

According to the ACS, there are 10,714 persons in Lycoming County for whom minority status has been determined. This represents 9.4% of the Lycoming County total population (2019 ACS Demographic Indicator data). The US. Bureau of Census 2019 American Community Survey Population Estimates information on minority composition is provided on the following table (*It should be noted that Hispanic or Latino is an ethnicity, not a racial category contained in Census data since persons of Hispanic origin can be of any race*):

Race	2019 Population	Percent Share
White	103,616	92.5%
Black or African American	5,579	5%
American Indian and Alaska Native	221	0.19%
Asian	806	0.72%
Native Hawaiian and other Pacific Islander	25	0.02
Some other Race	57	0.05
Two or more Races (not Hispanic or Latino)	1,736	1.5%
Totals	112,040	100.0%

There are 2,290 persons of Hispanic or Latino minority ethnicity, which represent 2.02% of Lycoming County’s population according to the 2019 American Community Survey Population Estimates data, which is considerably lower than the Statewide 7.3% Hispanic, or Latino minority population figure. As shown in the above statistics, the County’s population racial composition is predominantly white; however, 7.5% of the population is non-white, which is substantially lower than the 19.4 % statewide non-white population figure ([2019 ACS Demographic Characteristics](#)).

The following map illustrates the minority population in Lycoming County by Census Block Group. It is noteworthy that minority populations in Lycoming County are not geographically distributed evenly and they are primarily concentrated in the Williamsport Urbanized Area.

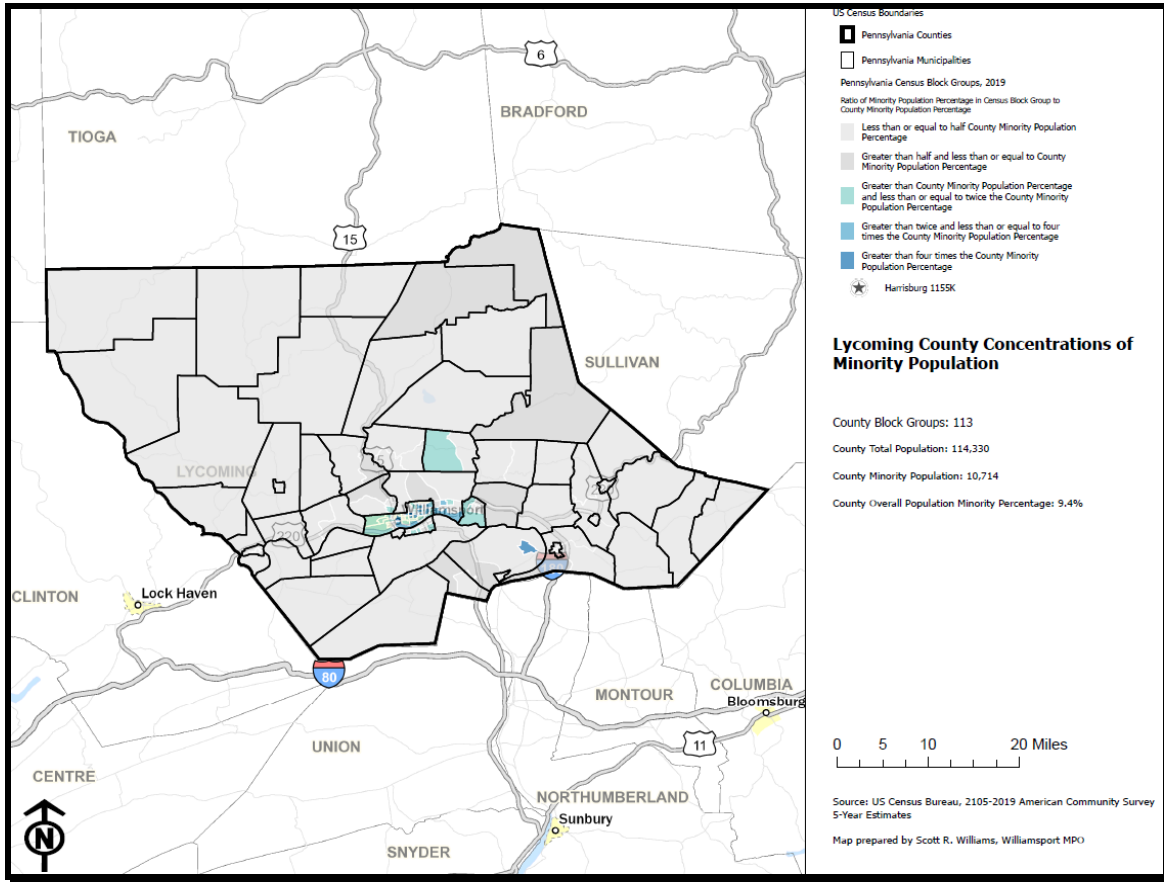

Disparities in Minority Populations Public Participation Process

During this Public Participation Plan update, the WATS MPO has not discovered any disparities for minority populations in the public participation process. However, the WATS MPO recognizes the need to enhance, continuously, public participation efforts. A more detailed description of future public participation efforts is found in the [Future Public Participation Plan Efforts and Evaluation Procedures](#) section. The WATS MPO will address any minority population special accommodation needs for public participation as requested and during product development.

Minority Populations Public Participation Techniques/Procedures

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO utilizes the public participation techniques and procedures outlined in the [WATS MPO General Public Participation Procedures](#). The WATS MPO meetings are typically held in Lycoming County Executive Plaza 1st Floor Commissioner Board Room, 330 Pine Street, Williamsport, PA 17701. In an effort to provide more opportunities for minority populations to participate in transportation decision-making processes, the WATS MPO may utilize other locations

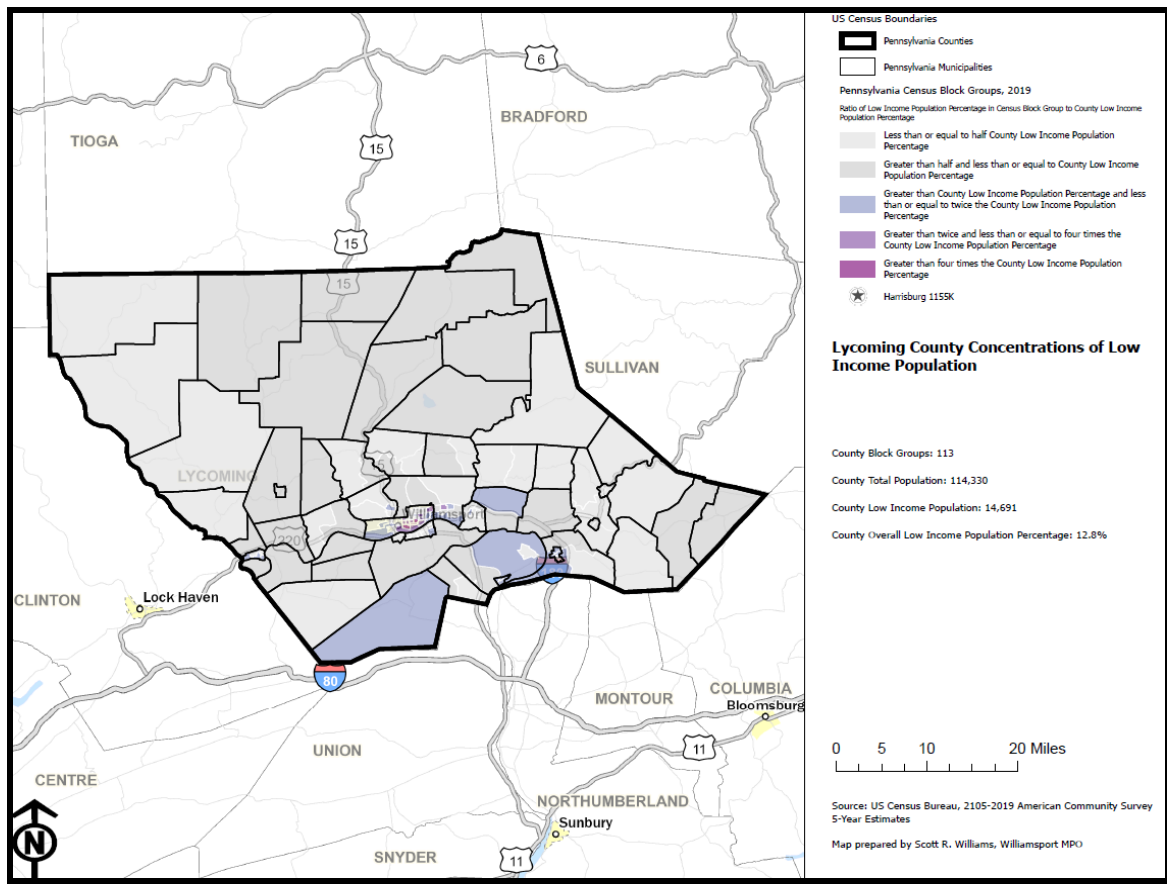

throughout the County such as the Michael Ross Event Center in Trade & Transit II and municipal offices. In addition, WATS MPO utilizes the Williamsport Sun-Gazette and MPO social media sites to promote public meetings, public comment periods, and other MPO/transportation related information in an effort to increase public awareness and participation in the transportation planning process. Furthermore, as projects are developed, additional public meeting locations may be utilized such as civic centers, non-profit centers, or religious facilities in order to increase access for the County's minority populations.

Identification of Low-income Population

- ❖ There are 107,874 persons in Lycoming County for whom low-income status can be determined. Of this number, 14,691 persons (13.6%) were determined to be falling below the poverty level, which is slightly higher than the Pennsylvania 12% poverty level figure ([2019 ACS Poverty Status](#) and [Census Poverty data](#)).

The following map illustrates the low-income population in Lycoming County by Census Block Group. The low-income population in Lycoming County are not geographically distributed evenly. The largest portion of low-income population are primarily concentrated in the Williamsport Urbanized Area.

Disparities in Low-Income Population Public Participation Process

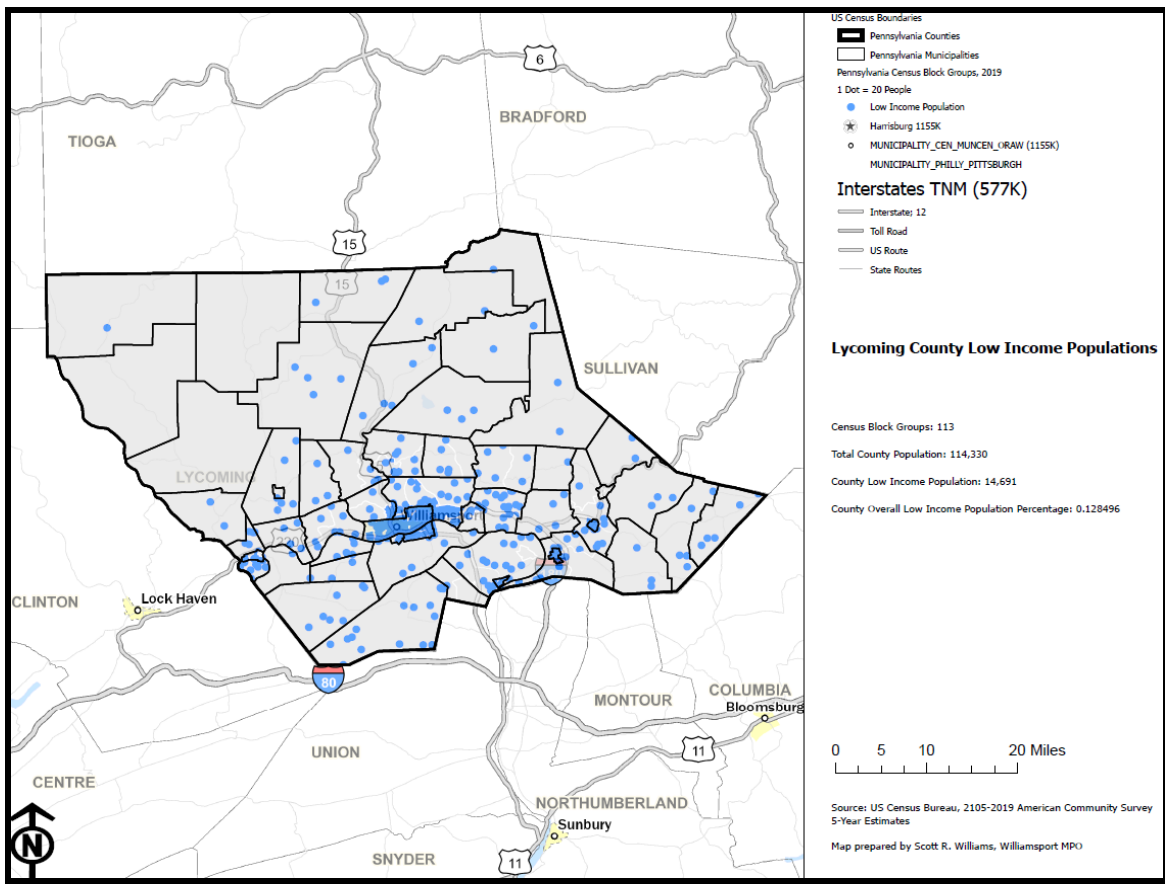

During this Public Participation Plan update, the WATS MPO has not discovered any disparities for low-income populations in the public participation process. However, the WATS MPO recognizes the need to enhance, continuously, public participation efforts. A more detailed description of future public participation efforts is found in the [Future Public Participation Plan Efforts and Evaluation Procedures](#) section. The WATS MPO will address any low-income population special accommodation needs for public participation as requested and during product development.

Low-Income Population Public Participation Techniques/Procedures

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO utilizes the public participation techniques and procedures outlined in the [WATS MPO General Public Participation Procedures](#). The WATS MPO meetings are typically held in Lycoming County Executive Plaza 1st Floor Commissioner Board Room, 330 Pine Street, Williamsport, PA 17701. In an effort to provide more opportunities for low-income populations to participate in transportation decision-making processes, the WATS MPO may utilize other locations throughout the County such as the Michael Ross Event Center in Trade & Transit II and

municipal offices. In addition, WATS MPO utilizes the Williamsport Sun-Gazette and MPO social media sites to promote public meetings, public comment periods, and other MPO/transportation related information in an effort to increase public awareness and participation in the transportation planning process. Furthermore, as projects are developed, additional public meeting locations may be utilized such as civic centers, non-profit centers, or religious facilities in order to increase access for the County's low-income populations.

For example, during the US Route 220 Safety Improvement project, a potentially adverse impact was recognized leading WATS MPO, PennDOT and other stakeholders to hold a meeting at the Woodward Twp. Fire Hall to address the impacts to that segment of the community.

Environmental Justice Analysis

The WATS MPO will continue its targeted outreach efforts to ensure many opportunities for the full and fair participation by all potentially affected communities in the transportation decision-making process. The WATS MPO will seek input from minority and low-income populations on all WATS proposed projects, especially regarding those projects situated within environmental justice population centers, which are primarily concentrated within the Williamsport Urbanized Area. The MPO will also continue to

refine the locations of populations of concern (as additional ACS and Census information becomes available), to expand methods of analysis for determining benefits and burdens, and to implement techniques for informing and gathering public input from all citizens about future transportation projects.

As an example, WATS MPO utilizes a number of strategies to seek out and consider the needs of traditionally unserved populations. WATS MPO coordinates with PennDOT District 3-0, PennDOT Central Office, consultant teams (as needed) and other project sponsors to consider the needs of traditionally unserved populations. Using PennDOT Connects, the WATS MPO social media accounts, public meetings with a telephone or virtual meeting component offered, sending printed copies of MPO products (LRTP, PPP, etc.) to Interested Party Organizations (Tribal Nations, municipalities, public libraries, both colleges in Lycoming County, state and federal representatives' offices, all nursing homes in the County, Hope Enterprises, Career-link, Center for Independent Living, etc.). Furthermore, WATS MPO is currently holding Committee meetings in a hybrid format (in-person and virtually) to provide greater opportunities for the full and fair participation in transportation planning for those interested.

Title VI Plan

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO is fully committed to ensuring compliance with [Title VI of the Civil Rights Act](#). As such, the WATS MPO does not discriminate on the grounds of race, color, or national origin in its programs or activities. Furthermore, the WATS MPO will not, directly or through contractual arrangements:

- Engage in intentional discrimination because of race, color, or national origin;
- Use criteria or methods of administration which have the effect of subjecting persons to discrimination because of their race, color, or national origin; or,
- Regarding “protected activities,” it is illegal to intimidate, threaten, coerce, or discriminate against any individual in retaliation for exercising a right or privilege.
- WATS MPO will include language in its public notices and advertisements relating to nondiscrimination and avenues of redress if an individual feels they have been discriminated against. All public meeting notices and advertisements shall state the following, ***“WATS is committed to compliance with the nondiscrimination requirements of civil rights statutes, executive orders, regulations, and policies applicable to the programs and activities it administers. Accordingly, WATS is dedicated to ensuring that program beneficiaries receive public participation opportunities without regard to race, color, national origin, sex, age, disability or economic status. The meeting is accessible to persons with disabilities. WATS will provide auxiliary services for individuals with language, speech, sight or hearing impediments provided the request for assistance is made seven days prior to the meeting. WATS will attempt to satisfy other requests as it is able. Please make your request for auxiliary services to Scott R Williams, Lycoming County Department of Planning and Community Development, 48 West Third Street, Williamsport, PA 17701, telephone number (570) 320-2138; fax number***

(570) 320-2135; email address: swilliams@lyco.org. If you believe you have been denied participation opportunities, or otherwise discriminated against in relation to the programs or activities administered by WATS, you may file a complaint using the procedures provided in our complaint process document or by contacting Scott R Williams at Lycoming County Department of Planning and Community Development, 48 West Third Street, Williamsport, PA 17701, telephone number (570) 320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Title VI Policy and Procedures

The Title VI Policies and Procedures are included in the PPP and are updated, as needed, during the Public Participation Plan update. During this review, the WATS MPO utilizes the most current U.S. Census and other data ([WATS MPO Title VI Plan](#)).

By way of incorporating the Title VI Policy and Procedures into the PPP during the update process, the WATS MPO ensures the full and fair participation by all potentially affected communities in the transportation decision-making process. This includes multiple opportunities for public comment /participation during the 45-day public comment period. Examples of public comment/participation opportunities include WATS MPO meetings, social media notices, targeted public outreach events, accessing the draft PPP from the [WATS MPO website](#), accessing the draft PPP print copies available at the WATS MPO office, and by contacting the WATS MPO staff members directly with any comments. In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

The MPO will provide auxiliary services for individuals who speak another language, or have speech, sight, or hearing impediments. The MPO will attempt to satisfy other requests, as it is able. Please make your request for auxiliary services to Scott R. Williams, Lycoming County Planning & Community Development, 48 West Third Street, Williamsport, PA 17701, telephone (570)-320-2138; fax number (570) 320-2135; email address: swilliams@lyco.org.

Identification of Populations

National Origin

The graph below shows the Lycoming County national origin breakdown for those who reported

Due to 30,440 persons either not reporting ancestry or being labeled as unclassified, the US. Bureau of Census 2019 American Community Survey Population Estimates were only able to determine ancestry information for 83,890 persons in Lycoming County. From those identified, German ranks as the highest ancestry in Lycoming County with 37,650 persons of German ancestry.

Source: [US Census American Community Survey 2019 5-Year Estimates](#)

Foreign Born Population

The graph below shows US. Bureau of Census 2019 American Community Survey Population Estimates for Lycoming County. Latin America is the highest foreign-born place of birth in Lycoming County with 617 persons being born in Latin America.

Source: [US Census American Community Survey 2019 5-Year Estimates](#)

Disparities in the Public Participation Process

During this Public Participation Plan update, the WATS MPO has not discovered any disparities for the public in the public participation process. However, the WATS MPO recognizes the need to enhance, continuously, public participation efforts. A more detailed description of future public participation efforts is found in the [Future Public Participation Plan Efforts and Evaluation Procedures](#) section. The WATS MPO will address any accommodation needs for public participation as requested and during product development.

Public Participation Techniques/Procedures

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO utilizes the public participation techniques and procedures outlined in the [WATS MPO General Public Participation Procedures](#). The WATS MPO meetings are typically held in Lycoming County Executive Plaza 1st Floor Commissioner Board Room 330 Pine Street, Williamsport, PA 17701. In an effort to provide more opportunities for the public to participate in transportation decision-making processes, the WATS MPO may utilize other locations throughout the

County such as the Michael Ross Event Center in Trade & Transit II and municipal offices. Furthermore, as projects are developed, additional public meeting locations may be utilized such as civic centers, non-profit centers, or religious facilities in order to increase access for the public.

WATS MPO Title VI Complaint Procedure

All complaints that allege exclusion from participation in, denial of benefits, or discrimination on the grounds of race, color, national origin from a program, service, or activity administered by the WATS MPO shall be forwarded to the WATS MPO Title VI Coordinator for intake and disposition. These complaints will be reviewed and acted upon consistent with the WATS MPO Title VI complaint procedure, which was adopted at the WATS MPO July 23, 2012 public meeting. Any Title VI Complaints should be directed to:

Scott R. Williams
Transportation Supervisor
Lycoming County Planning & Community Development
48 West Third Street
Williamsport, PA 17701
Phone: (570) 320-2138
Email: swilliams@lyco.org

An example of the *WATS MPO Title VI Complaint Form* can be found in [Appendix C WATS MPO Title VI Complaint Form](#) of the Public Participation Plan. All WATS public meeting notices indicate the procedures for filing a Title VI complaint.

Additionally, any individuals wishing to file a complaint may also contact:

Additional Civil Rights Responsibilities

The Pennsylvania Human Relations Act (PHRA) of 1955 prohibits *“The practice or policy of discrimination against individuals or groups by reason of their race, color, familial status, religious creed, ancestry, age, sex, national origin, handicap or disability, use of guide or support animals because of blindness, deafness or physical handicap of the user or because the user is a handler or trainer of support or guide animals...”*

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO is fully committed to ensuring compliance with the [Pennsylvania Human Relations Act](#). The WATS MPO complies with Pennsylvania Human Relations Act of 1955 by:

- WATS MPO Technical Committee and Coordinating Committee meetings are typically held at the Lycoming County Executive Plaza Building, 330 Pine St., Williamsport, PA 17701. In instances where the Executive Plaza Building is unavailable, the secondary meeting location is the Michael Ross Event Center in the Trade and Transit Centre II Building, located at 144 W 3rd. St. Williamsport, PA 17701. Both facilities are ADA compliant and accessible to public transportation provided by River Valley Transit Authority, which operates a fully accessible fixed route transit fleet as well as ADA paratransit services subcontracted through a shared ride provider, STEP, Inc.
- In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.
- All public notices published by WATS indicate that accommodations can be provided with advance notification to the Lycoming County Planning Commission. All public meeting notices and advertisements shall state the following, ***“If you require special assistance to attend or participate in this meeting or need additional information please contact the WATS MPO representative noted below, four business-days prior to the meeting event so that the special assistance can be accommodated.”***

- The WATS Transit Advisory Committee includes representation by community organizations that serve persons with disabilities, transit consumers, and public transportation providers.
- Identify alternative meeting sites, such as churches, schools, public libraries, and senior centers to reach traditionally underserved populations.

Americans with Disabilities Act Plan

The Americans with Disabilities Act of 1990 (ADA) “*prohibits discrimination on the basis of disability by public entities in services, programs, and activities. Public entities are required to make programs accessible to individuals with disabilities including conducting meetings and hearings in ADA-compliant buildings. Special accommodations must be provided to ensure communications are equally effective for persons with disabilities in order to participate in meetings, planning and programming activities.*” With advance notice, special provisions must be made to accommodate hearing-impaired or visually impaired participants.

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO is fully committed to ensuring compliance with the [Americans with Disabilities Act of 1990 \(ADA\)](#). The WATS MPO complies with Title II of the American with Disabilities Act of 1990 (ADA), Section 504 of the Rehabilitation Act of 1973, and the Pennsylvania Human Relations Act of 1955 by:

- WATS MPO Technical Committee and Coordinating Committee meetings are typically held at the Lycoming County Executive Plaza Building, 330 Pine St., Williamsport, PA 17701. In instances where the Executive Plaza Building is unavailable, the secondary meeting location is the Michael Ross Event Center in the Trade and Transit Centre II Building, located at 144 W 3rd. St. Williamsport, PA 17701. Both facilities are ADA compliant and accessible to public transportation provided by River Valley Transit Authority, which operates a fully accessible fixed route transit fleet as well as ADA paratransit services subcontracted through a shared ride provider, STEP, Inc.
- In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.
- All public notices published by WATS indicate that ADA accommodations can be provided with advance notification to the Lycoming County Planning Commission. All public meeting notices and advertisements shall state the following, ***“If you require special assistance to attend or participate in this meeting or need additional information please contact the WATS MPO representative noted below, four business days prior to the meeting event so that the special assistance can be accommodated.”***

- The WATS Transit Advisory Committee includes representation by community organizations that serve persons with disabilities, transit consumers, and public transportation providers.
- Identify alternative ADA compliant meeting sites, such as churches, schools, public libraries, and senior centers to reach traditionally underserved populations.

All public meetings associated with development of the 2018-2038 Long Range Transportation Plan were held at the ADA accessible Lycoming County Executive Plaza meeting location.

Identification of Disabled Population

In terms of the total Civilian Non-institutionalized population of Lycoming County, there are 111,088 persons residing in the County, where 17,026 persons (15.3%) have a physical or mental disability. The 65 years and over age group of this population grouping total 20,732 persons with 7,153 persons (34.5%) having a physical or mental disability. Lycoming County population disability percentages are slightly higher than the statewide disability percentages at 14% total disability and 32.2% over age 65 with disability figures ([2019 ACS Social Characteristics data](#)).

Disparities in Disabled Populations Public Participation Process

During this Public Participation Plan update, the WATS MPO has not discovered any disparities for the disabled populations in the public participation process. However, the WATS MPO recognizes the need to enhance, continuously, public participation efforts. A more detailed description of future public participation efforts is found in the [Future Public Participation Plan Efforts and Evaluation Procedures](#) section. The WATS MPO will address any disabled population special accommodation needs for public participation as requested and during product development.

Disabled Population Techniques/Procedures

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process. The WATS MPO utilizes the public participation techniques and procedures outlined in the [WATS MPO General Public Participation Procedures](#). The WATS MPO meetings are typically held in Lycoming County Executive Plaza. In instances where the Executive Plaza Building is unavailable, the secondary meeting location is the Michael Ross Event Center in the Trade and Transit Centre II Building, located at 144 W 3rd. St. Williamsport, PA 17701. Both facilities are ADA compliant and accessible to public transportation provided by River Valley Transit Authority, which operates a fully accessible fixed route transit fleet as well as ADA paratransit services subcontracted through a shared ride provider, STEP, Inc.

In the event that an in-person meeting is not feasible (public health emergency, etc.) the WATS MPO will provide detailed information on a virtual meeting option to include: date, time, dial-in number, conference code, and link to the virtual meeting software (Microsoft Teams, Skype, etc.) for the public meeting.

In an effort to provide more opportunities for disabled populations to participate in transportation decision-making processes, the WATS MPO may utilize other locations throughout the County such as the Michael Ross Event Center in Trade & Transit II and municipal offices. Furthermore, as projects are developed, additional public meeting locations may be utilized such as civic centers, non-profit centers, or religious facilities in order to increase access for the County's disabled populations. The WATS MPO will not place a surcharge on an individual with a disability to cover the costs of providing auxiliary aids/services or reasonable modifications of policy.

Limited English Proficiency, (LEP) Plan

The WATS MPO is fully committed to ensuring compliance with [Executive Order 13166](#) "[Improving Access to Services for Persons with Limited English Proficiency, \(LEP\)](#)" allowing for the full and fair participation by all potentially affected communities in the transportation decision-making process,

WATS MPO is committed to improving services to LEP individuals throughout Lycoming County. Review of the LEP and related outreach activities are conducted as needed during the Public Participation Plan update. Any improvements/changes to the LEP will be made based upon that review. Analysis of the languages spoken throughout Lycoming County can be seen in the LEP Profile chart below.

Overview

A Metropolitan Planning Organization (MPO) is a planning body composed of elected and appointed officials representing local, state and federal governments or other agencies having an interest or responsibility in the local transportation system. The MPO is responsible for creating a Long-Range Transportation Plan (LRTP), a Transportation Improvement Program (TIP), and a Unified Planning Work Program (UPWP). An MPO can be a regional, multicounty organization or a single county. The Williamsport Area Transportation Study (WATS) is the single county MPO covering Lycoming County. The role of the WATS MPO is to develop transportation policies, programs and projects, which move people and goods in a safe, efficient manner, promote economic development, protect the environment, and preserve Lycoming County's outstanding quality of life amenities.

The Lycoming County Department of Planning and Community Development (PCD) provide staff support to the WATS MPO. As a recipient of federal funding, the MPO must take reasonable steps to ensure full and fair access to the information and services it provides.

Background

Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 are the federal laws that protects individuals from discrimination based on an individual's race, color, or national origin in services or programs provided by a recipient of federal aid, even

if the service or program provided is not federally funded. Title VI states, **“No person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”**

On August 11, 2000, the President signed Executive Order 13166, *“Improving Access to Services for Persons with Limited English Proficiency, (LEP).”* The Executive Order is intended to improve access to federally assisted programs and activities for persons who, because of national origin, are limited in their English proficiency.

As a condition of receiving federal funding, recipients are required to comply with Title VI and LEP guidelines of the federal agency from which funds are provided.

Purpose

The purpose of this Limited English Proficiency (LEP) Plan is to develop procedures to ensure the full and fair participation for LEP persons to information and services provided by the WATS MPO. The plan includes a needs assessment, identifies individuals who may need language assistance, identifies available resources, and outlines language assistance measures.

Definition of Limited English Proficient Person

Individuals who do not speak English as their primary language and have a limited ability to read, write, speak, and/or understand English may be considered limited English proficient.

For the purposes of this plan, a LEP person is defined as any individual who speaks a language at home other than English as their primary language, and who speaks or understands English “less than very well.”

Limited English Proficiency Needs Assessment

Section V of the U.S. DOT [“Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient Persons”](#) outlines the four-factor analysis for agencies to use in determining a cost-effective mix of language assistance measures and targeting resources appropriately. The guidance allows local agencies the flexibility to perform their own assessment of the factors and determine reasonable means to accommodate LEP individuals. The following is a LEP needs assessment for the WATS MPO in relation to the transportation planning process.

Factor 1: Identification of Limited English Proficiency Population

The first step of the needs assessment is to determine the number and proportion of LEP persons in Lycoming County. Demographic information from the American Community Survey (ACS) was reviewed to determine the number and proportion of individuals in Lycoming County who speak a language other than English at home and who understand English “less than very well.”

According to the American Community Survey 2019 estimates, there are a total of 108,093 persons in Lycoming County aged five years and older. Of these, 942 persons (0.8%) speak

a primary language at home other than English and Speak English less than very well. Lycoming County is lower than the statewide percent of 4.1% primary non-English speaking population and the national estimate of 8.4%. This LEP population breakdown for Lycoming County is illustrated below.

Lycoming County Limited English Proficiency (LEP) Profile

2019 American Community Survey 5 Year Estimates

Estimated Total Population 5 Years Old And Over			108,093
Estimated Population Speaking Only English Language			104,066
	Total Number of People Speaking Language At Home	Number of People Speaking This Language At Home Who Speak English "Very Well"	Number of People Speaking This Language At Home Who Speak English "Less Than Very Well"
Spanish	1,339	907	282
French, Haitian, or Cajun	317	206	111
German or other West Germanic languages	1,123	799	216
Russian, Polish, or other Slavic languages	115	93	22
Other Indo-European languages	491	426	65
Korean	2	0	2
Chinese (incl. Mandarin, Cantonese)	73	59	14
Vietnamese	61	12	49
Tagalog (incl. Filipino)	47	42	5
Other Asian and Pacific Island languages	197	139	58
Arabic	182	92	90
Other and unspecified languages	80	70	10
TOTAL	4,027	2,845	924

Source: [US Census American Community Survey 2019 5-Year Estimates](#)

	Estimate	Margin of Error	Percent of Population
--	----------	-----------------	-----------------------

Number of Households	44,842	+/- 1,617	100%
Estimated Households Speaking Only English	43,006	+/- 1,664	95.9%
Estimated Households Speaking Spanish at Home:	776	+/- 456	1.7%
Limited English-speaking household	76	+/- 125	0.1%
Not a limited English-speaking household	690	+/- 439	1.5%
Estimated Households Speaking Other Indo-European languages at Home:	882	+/- 390	1.96%
Limited English-speaking household	213	+/- 187	0.4%
Not a limited English-speaking household	669	+/- 351	1.5%
Estimated Households Speaking Asian & Pacific Island languages at Home:	134	+/- 100	0.3%
Limited English-speaking household	23	+/- 38	0.05%
Not a limited English-speaking household	111	+/- 93	0.2%
Estimated Households Speaking Other Languages at Home:	54	+/- 59	0.1%
Limited English-speaking household	0	+/- 182	0.0%
Not a limited English-speaking household	54	+/- 59	0.1%

Source: [US Census American Community Survey 2019 5-Year Estimates](#)

Factor 2: The Frequency with Which LEP Individuals Come in Contact with WATS MPO Programs, Activities, and Services

The WATS MPO has been a recipient of federal dollars for transportation planning and program since 1968, originally just the City of Williamsport urbanized area the MPO was extended in 1991 to encompass all of Lycoming County. To date, no requests have been made by individuals or groups seeking interpreters or the translation of WATS MPO products/publications into other languages.

Factor 3: The Importance of Programs, Activities, and Services Provided by the WATS MPO

As part of the Environmental Justice (EJ) analysis conducted for the WATS MPO [Transportation Improvement Program \(TIP\)](#) and [Long Range Transportation Plan \(LRTP\)](#) the impact of proposed transportation investments on underserved and underrepresented population groups is reviewed. The solicitation of public review/comment for the WATS MPO TIP and LRTP includes written correspondence to social and human service agencies and other [Interested Party Organizations](#), public advertisement of the public comment

period in the Williamsport Sun-Gazette, advertisement of the public comment period on the WATS MPO social media sites, providing digital copies of WATS plans/products on the [WATS MPO website](#), printed copies of WATS MPO plans/products available at the WATS MPO offices (Executive Plaza Building, 330 Pine Street 3rd Floor, Williamsport, PA 17701), and printed copies of WATS MPO plans/products available upon request by contacting WATS MPO staff at 570-320-2140.

Factor 4: Available Resources to the WATS MPO

The WATS MPO has access to translation services, available upon request, through a partnership with PennDOT and ProPio Language Services. While LEP individuals currently account for a small percentage of the Lycoming County population, the MPO will monitor population demographics and trends for increases in the LEP population and periodically reevaluate the available resources and the translations services it chooses to provide.

Language Assistance Measures

Oral Language Services (Interpretation)

As a recipient of federal funds, the WATS MPO is committed to making full and fair access to interpretation services for LEP individuals. When providing interpretation services, recipients shall ensure competency of the language service provider to maintain the quality and accuracy of the services provided. The U.S. DOT [Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient \(LEP\) Persons](#) outlines a series of acceptable oral language assistance services that recipients can employ to serve LEP individuals.

Due to the infrequency of contact with LEP individual sand the low concentration of LEP populations in Lycoming County, robust interpretation services are not deemed necessary at this time. When interpretation services are requested, WATS MPO will use the telephonic translation services that are available for use as a PennDOT planning partner. The telephonic interpretation service offers prompt assistance in many different languages.

Written Language Services

The U.S. DOT Policy Guidance on responsibilities to LEP individuals includes a “safe harbor” provision for organizations. “Safe harbor” is defined as if a recipient has identified a plan to provide written translations under a set of circumstances, such action will be considered strong evidence of compliance with the written obligations under Title VI.

Per the safe harbor definition, the following activities will be considered strong evidence of compliance with the WATS MPO’s written translation obligations:

- The WATS MPO will provide written translations of vital documents for each eligible LEP language group that constitutes 5% of the population served or 1,000 individuals, whichever is less. Translation of other documents, if needed, can be provided orally through telephonic translation services available for use as a PennDOT planning partner.

The following documents are identified as *vital written materials* by the WATS MPO:

- Title VI Notice
- Title VI Complaint Form
- Title VI Complaint Procedures
- Title VI Program
- Unified Planning Work Program (UPWP)
- Transportation Improvement Plan (TIP)
- Long-Range Transportation Plan (LRTP)
- Public Participation Plan (PPP)

The WATS MPO will adhere to the “safe harbor” provisions with regard to these vital materials.

WATS MPO will monitor the concentration of LEP individuals, and when the population of LEP language group exceeds the identified safe harbor provisions, the WATS MPO will outline a plan to provide written translation of its vital written documents. The translation of other planning documents will be provided upon request.

Providing Notice to LEP Persons

The WATS MPO shall provide notice to LEP persons that language services are available at no cost to the individual using the following methods:

- “I Speak” signage will be posted at the WATS MPO offices and meeting locations indicating that free language assistance is available upon request.
- All MPO-related meeting announcements will state that special assistance is available if requested at least four (4) days prior to the meeting date.
- MPO staff will work with community and other stakeholders during development of the TIP and LRTP to inform LEP individuals of MPO products/programs and the availability of language assistance.
- Using American Community Survey data, the MPO staff will attempt to identify concentrations of LEP populations and implement targeted outreach for specific projects.

Training

The WATS MPO will make every reasonable effort to ensure that staff is adequately trained to assist LEP individuals in person or by telephone. All staff that assist with the MPO activities will be provided a copy of the LEP Plan and will be made aware of the interpretation and translation services offered to LEP.

Monitoring and Updating the LEP Plan

The WATS MPO will monitor the language data for Lycoming County and analyze any major changes in the number of LEP individuals as the updated 5-year ACS data becomes available. Also, the MPO will monitor the frequency of encounters with LEP individuals. If significant changes are recognized in the concentrations of LEP individuals, or if there is a significant increase in encounters with LEP individuals, an update to the LEP Plan will occur. If no significant changes are noted, the LEP Plan will be updated during the MPO Public Participation Plan update, occurring every two (2) years.

Disparities in LEP Population Public Participation Process

During this Public Participation Plan update, the WATS MPO has not discovered any disparities for Limited English Proficiency populations in the public participation process. However, the WATS MPO recognizes the need to enhance, continuously, public participation efforts. A more detailed description of future public participation efforts is found in the [Future Public Participation Plan Efforts and Evaluation Procedures](#) section. The WATS MPO will address any Limited English Proficiency population special accommodation needs for public participation as requested and during product development.

Limited English Proficiency Population Techniques/Procedures

To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process, the WATS MPO utilizes the public participation techniques and procedures outlined in the [WATS MPO General Public Participation Procedures](#). The WATS MPO meetings are typically held in Lycoming County Executive Plaza (see inset map below). In an effort to provide more opportunities for Limited English Proficiency populations to participate in transportation decision-making processes, the WATS MPO may utilize other locations throughout the County such as the Michael Ross Event Center in Trade & Transit II and municipal offices. Furthermore, as projects are developed, additional public meeting locations may be utilized such as civic centers, non-profit centers, or religious facilities in order to increase access for the County's LEP populations. The WATS MPO complies with the Executive Order 13166, "Improving Access to Services for Persons with *Limited English Proficiency*, (LEP)" requirements by:

- Include in the WATS public meeting notices the availability of LEP language translation services upon advance notification (the WATS MPO has LEP translation service availability through a PennDOT partnership). Limited English Proficiency individuals, upon request, may have any publicly available document that WATS MPO produces translated into other languages to facilitate public review.
- Include on all WATS MPO webpages a language translation option where LEP Individuals can select their most proficient language.
- Targeted public outreach events to venues frequented by LEP individuals (ex. Thrive International Programs).

Future Public Participation Plan Efforts and Evaluation Procedures

In order to ensure full and fair public participation in the transportation decision-making process the WATS MPO recognizes the need to enhance, continuously, public outreach efforts. To achieve these goals the WATS MPO will pursue the following activities:

- Review and evaluate the Public Participation Plan on a 2-year cycle prior to updating the Transportation Improvement Plan (TIP)
- As a component of the Public Participation Plan review/update the WATS MPO will also review/update the following plans:
 - Americans with Disabilities Act Plan
 - Environmental Justice Plan
 - Limited English Proficiency Plan
 - Title VI Plan
- Identify and consult with interested parties and stakeholders (continuing)
- Seek out minority and Limited English Proficiency organizations, resources, and advocates throughout Lycoming County (continuing)
- Conduct review of ADA accessibility of meeting locations and website (continuing)
- Partner with disability advocates to ensure online products/documents are easier to access for the disabled population (continuing)
- Investigate the formation of a Citizens Advisory Committee to assist in public outreach and public participation (continuing)
- Periodically evaluate the opportunities and procedures for public participation including:
 - Review of public meeting attendance
 - The frequency and nature of public comments received on WATS planning documents, website and social media interaction
 - Any other comments or suggestions.

The findings will be incorporated as part of subsequent WATS Public Participation Plan updates and public involvement activities.

In November 2019, the WATS MPO received approval to move forward with the creation of a number of WATS MPO social media accounts. The MPO created Facebook, Instagram, Twitter, Linked In, and YouTube accounts and currently has the Facebook, Instagram, and Twitter social media accounts active. The addition of multiple social media accounts, along with existing public participation/public outreach methods, will enhance the WATS MPO's ability to ensure full and fair public participation by providing new platforms for the public to receive transportation related information, and participate in the transportation decision-making process.

For questions regarding the WATS MPO Public Participation Plan, public participation opportunities, or accommodations please contact:

Appendix D: Glossary

Elderly: Individuals age 65 or older.

Limited English Proficiency (LEP): Individuals who do not speak English as their primary language and have a limited ability to read, write, speak, and/or understand English may be considered limited English proficient.

Low-Income: Households at or below the federal poverty level.

Low-Income Population: Any readily identifiable group of low-income persons who live in geographic proximity, and, if circumstances warrant, geographically dispersed/transient persons (such as migrant workers or Native Americans) who would be similarly affected by a proposed DOT program, policy, or activity.

Minority: Any individual or group that self-identifies as a member(s) of the racial categories Black/African American, Asian American, American Indian/Alaskan Native, Native Hawaiian/other Pacific Islander and the ethnic category Hispanic/Latino.

Minority Population: Any readily identifiable group of minority persons who live in geographic proximity, and if circumstances warrant, geographically dispersed/transient persons (such as migrant workers or Native Americans) who would be similarly affected by a proposed DOT program, policy, or activity.

Person with Disabilities: Under the Americans with Disabilities Act of 1990, a qualified individual with a disability is a person that 1) has a physical or mental impairment that substantially limits one or more major activities; 2) has a record of such an impairment; or 3) is regarded as having such an impairment.

ARTICLE 1: NAME AND PURPOSE

Section 1: Name

The name of the organization shall be the Williamsport Area Transportation Study, (WATS) Metropolitan Planning Organization, (MPO) hereinafter referred to as the WATS MPO.

Section 2: Purpose

The purpose of the WATS MPO shall be to serve as the official transportation planning organization for the County of Lycoming, designated by the Governor of the Commonwealth of Pennsylvania under current and applicable federal laws and regulations. The entire geographical coverage area of the County of Lycoming, PA shall be defined as the planning area. Such federal laws and regulations establish five core functions of an MPO that include the following:

- Establish a setting: Establish and manage a fair and impartial setting for effective regional decision-making in the planning area.
- Identify and evaluate alternative transportation improvement options: Use data and planning methods to generate and evaluate alternatives. Planning studies and evaluations are included in the MPO Unified Planning Work Program, (UPWP).
- Prepare and maintain a Metropolitan Transportation Plan: Develop and update a long-range transportation plan for the planning area covering a planning horizon of at least 20 years that fosters:
 1. Mobility and access for people and goods
 2. Efficient system performance and preservation
 3. Good quality of life
- Develop a Transportation Improvement Program (TIP): Develop a short-range (four-year) program of transportation improvements based on the long-range transportation plan. The TIP should be designated to achieve the area’s goals, using spending, regulating, operating, management and financial tools.
- Involve the public: Continually involve the general public and other affected constituencies in the essential functions listed above.

ARTICLE II: MEMBERSHIP

Section 1: Coordinating Committee

The parties hereby establish the governing body of the WATS MPO as the Coordinating Committee.

The Coordinating Committee shall consist of eleven (11) voting members, as follows:

- PennDOT Engineering District 3-0 Executive
- PennDOT Deputy Secretary for Planning
- Lycoming County Commissioner
- Lycoming County Commissioner
- Mayor, City of Williamsport
- Council Member, City of Williamsport
- River Valley Transit Authority General Manager
- SEDA-COG Joint Rail Authority Executive Director
- Williamsport Regional Airport Executive Director
- Lycoming County Association of Township Officials Representative
- Lycoming County Borough Representative

The PennDOT Engineering District 3-0 Executive shall serve as Chair of the Coordinating Committee.

The Coordinating Committee voting members shall be designated by their respective member organizations and shall serve without term limits at the discretion of their member organizations. Each member organization shall so designate the individual(s) serving on the Coordinating Committee as their voting member(s) at the beginning of each calendar year and provide written documentation to the WATS MPO Chair for WATS MPO files maintained by the Lycoming County Planning and Community Development Department. Member organizations shall also designate an alternate voting member that may vote on behalf of the designated voting member in the case where the designated voting member is unable to attend a specific meeting.

At the final scheduled public meeting within a calendar year, the Coordinating Committee will set a public meeting schedule for the upcoming year. Prior to this meeting, the WATS Secretary will contact all Lycoming County boroughs and solicit interest in participating in the committee in the upcoming year. The WATS Secretary will present the interested boroughs and a recommendation to the WATS Technical Committee who will nominate a borough to represent the interests of all boroughs in the county to serve on the WATS Coordinating Committee. The WATS Coordinating Committee will then vote on whether to accept the recommendation of the WATS Technical Committee. A borough shall not serve as a representative on the WATS Coordinating Committee in consecutive years

unless no other boroughs indicate interest. The selected borough will be responsible for designating the individual representing them on the committee. If, for any reason, the WATS Technical Committee and WATS Coordinating Committee are unable to complete this procedure at the final meeting of a calendar year the committees will complete the appointment procedure at the next practical public meeting times. The previously appointed borough will continue to serve until reappointed or another borough is appointed.

In addition to the 11 voting members, the Coordinating Committee shall include four (4) non-voting members, as follows:

- Federal Highway Administration
- Federal Transit Administration
- US Department of Housing and Urban Development
- PA Department of Community and Economic Development

Non-voting members of the Coordinating Committee shall receive WATS MPO reports and meeting notices and agendas, shall be entitled to participate in WATS MPO discussions, but shall serve without vote.

Section 2: Technical Committee

The parties hereby establish a Technical Committee, which shall provide recommendations to the Coordinating Committee for approval related to transportation strategies, plans and projects, using technical analysis, specialized knowledge, and citizen input on specific issues.

The Technical Committee shall consist of seven (7) voting members, as follows:

- PennDOT Center for Program Development and Management Representative
- PennDOT Engineering District 3-0 Representative
- Lycoming County Planning and Community Development Director
- Lycoming County Planning Commission Member
- River Valley Transit Authority General Manager
- Williamsport Regional Airport Executive Director
- City of Williamsport Engineer/Community Development Director

The PennDOT Center for Program Development and Management Representative shall serve as Chair of the Technical Committee.

The Technical Committee voting members shall be designated by their respective member organizations and shall serve without term limits at the discretion of their member organizations. Each member organization shall so designate the individual serving on the Technical Committee as their voting member at the beginning of each calendar year and provide written documentation to the WATS MPO Chair for WATS MPO files maintained by the Lycoming County Planning and Community Development Department. Member

organizations shall also designate an alternate voting member that may vote on behalf of the designated member in the case where the designated voting member is unable to attend a specific meeting.

At the final scheduled public meeting within a calendar year, the Technical Committee will set a public meeting schedule for the upcoming year.

In addition to the 7 voting members, the Technical Committee shall include four (4) non-voting members, as follows:

- Federal Highway Administration
- Federal Transit Administration
- PA Department of Community and Economic Development
- Fullington Trailways Company

Non-voting members of the Technical Committee shall receive WATS reports and meeting notices and agendas, shall be entitled to participate in WATS discussions, but shall serve without vote.

Section 3: Formation of Subcommittees

The WATS MPO Coordinating Committee may establish advisory committees, ad hoc work groups, special purpose task forces or steering committees to gather specialized experience, technical advice and input that may be needed to help carry forth transportation planning related activities under the jurisdiction of the WATS MPO transportation planning process.

Section 4: Transit Advisory Committee

The WATS MPO has established a Transit Advisory Committee that is comprised of WATS members, transit providers and various social service organizations to provide input and recommendations to the WATS MPO on public transit issues and needs in Lycoming County.

Section 5: Bicycle and Pedestrian Advisory Committee

The WATS MPO has also established a Bicycle and Pedestrian Advisory Committee comprised of public officials and private organizations and consumers to provide input and recommendations to the WATS MPO Coordinating Committee and Technical Committee on bicycle and pedestrian safety and mobility needs in Lycoming County.

The Bicycle and Pedestrian Advisory Committee shall consist of eleven (11) voting members, as follows:

- Lycoming County Planning and Community Development Department Representative
- PennDOT District 3-0 Representative

- PennDOT Center for Program Development and Management Representative
- Lycoming County Health Improvement Coalition (LCHIC) Representative
- Susquehanna Valley Velo Club
- Williamsport Bicycle Club
- PTA/PTO president from a County school district school
- River Valley Transit Authority
- STEP, Inc. Office of Aging
- Lycoming College
- Pennsylvania College of Technology

In addition to the 11 voting members, the Bicycle and Pedestrian Advisory Committee shall include four (4) non-voting members, as follows:

- SEDA-COG MPO
- Federal Highways Administration
- PennDOT Bicycle Pedestrian Coordinator
- Pennsylvania Department of Conservation and Natural Resources, Recreation and Parks Regional Advisor
- Lycoming County Association of Township Officials Coordinating Committee Representative
- Lycoming County Borough Representative

Bicycle and Pedestrian Advisory Committee voting members shall be designated by their respective member organizations and shall serve without term limits at the discretion of their member organizations. Member organizations shall also designate an alternate voting member that may vote on behalf of the designated member in the case where the designated voting member is unable to attend a specific meeting.

Non-voting members of the Bicycle and Pedestrian Advisory Committee shall receive WATS reports and meeting notices and agendas, shall be entitled to participate in WATS discussions, but shall serve without vote.

ARTICLE III: AUTHORITY

Section 1: Duties and Responsibilities

It shall be the duty and responsibility of the WATS MPO to direct and control the policies and objectives of the transportation planning and programming process, with due regard to the requirements and recommendations of its represented agencies of government, in order to accomplish and maintain the WATS MPO's eligibility for federal and state transportation funds, and help implement the WATS MPO Long Range Transportation

Plan, Transportation Improvement Program and other plans and programs under WATS MPO responsibility.

Section 2: Quorum

Actions of the WATS MPO shall be by a majority vote of designated voting members or their alternates present at a publicly held meeting and entitled to vote, provided that a quorum is present at the beginning of the meeting. For the Coordinating Committee, a voting quorum shall be met with six (6) voting members or their alternates present at the public meeting. For the Technical Committee, a voting quorum shall be met with four (4) voting members or their alternates present at the public meeting. In the event of a tie vote, the Chair of each respective committee casts the tie-breaking vote within that committee. As such, the Chair of each respective committee is counted as part of a quorum. No quorum is necessary to convene meetings of advisory committees unless determined by the Coordinating Committee.

Section 3: E-Ballot and Phone Ballot

On occasions when formal actions need to be expedited without convening a public meeting, an electronic mail ballot and/or phone ballot may be conducted in accordance with the WATS MPO approved Public Participation Plan. The Lycoming County Planning and Community Development Department staff will determine the appropriateness of the voting technique used to poll WATS voting members. The result of the vote will not be considered valid until a voting majority has been obtained. All WATS voting members will be afforded five business days to review information provided and cast their vote. The Lycoming County Planning and Community Department Staff will notify all WATS voting members of the result. The voting action will be re-affirmed by vote at the next regularly scheduled WATS MPO public meeting.

Section 4: Executive Session

The WATS MPO may recess into executive session only for purposes authorized under the PA Open Records Act and shall be conducted in the manner prescribed by the Act.

ARTICLE IV: PROVISIONS

Section 1: Vacancies

Vacancies on the WATS MPO Coordinating or Technical Committees shall be filled by an appointment by the responsible member organization, as more fully discussed in [Article II – Membership](#).

Section 2: Removal of Members

Removal of any member, or their representative, of the WATS MPO [Coordinating Committee](#) or the [Technical Committee](#), due to failure to attend meetings, or for other reasons, shall be at the discretion of the appointing authority. Absence from three (3) consecutive meetings or less than 50% attendance over a twelve (12) month period will result in a letter being issued by the WATS Coordinating Committee Secretary to the appointing authority apprising them of the situation.

ARTICLE V: ADMINISTRATIVE DUTIES

Section 1: Administrative Staff

The administrative duties of the WATS MPO shall be conducted by the Lycoming County Planning and Community Development Department. The primary staff contact for the Department on WATS MPO administrative matters shall be the Lycoming County Transportation Supervisor who will act as WATS Secretary.

Section 2: Administrative Duties

The Lycoming County Planning and Community Development Department shall be responsible for the following primary WATS MPO administrative duties.

- Develop and conduct all transportation planning work tasks contained in the WATS MPO approved Unified Planning Work Program contract that is executed between the County of Lycoming and PennDOT. The County of Lycoming may subcontract with the City of Williamsport to perform the Federal Transit Administration funded UPWP transit planning work tasks undertaken by River Valley Transit Authority.
- Schedule, publicly advertise and convene all WATS MPO public meetings, as needed, in accordance with the PA Open Records Law and WATS MPO approved Public Participation Plan. All official business of the WATS MPO will take place at publicly advertised meetings to ensure opportunity for public comment. Prepare and distribute meeting agendas and related materials for review by WATS MPO members no later than 5 calendar days prior to the public meeting. Prepare meeting minutes for distribution to WATS MPO members for review no later than 15 calendar days following the public meeting. WATS MPO will generally convene public meetings on a quarterly basis (once every three months) at the Lycoming County Commissioners Board Room, Lycoming County Executive Plaza, 330 Pine Street, Williamsport, PA 17701. Exceptions as to meeting dates, times and locations may be considered in order to provide timely response to actions related to WATS MPO duties and responsibilities.
- Ensure that all WATS MPO adopted plans, programs and policies are implemented.

Section 3: WATS Website

The WATS MPO website will be maintained at www.lyco.org/WATS-MPO.

Section 4: WATS Mailing Address

All WATS MPO administrative records and files shall be maintained at:

Lycoming County Department of Planning and Community Development
48 West Third Street
Williamsport, PA 17701

Section 5: WATS Administrative Costs

WATS MPO administrative related costs borne by the County of Lycoming and the City of Williamsport shall be reimbursable in accordance with the WATS MPO approved UPWP (Unified Planning Work Program) related contract terms and conditions executed between the County of Lycoming, PennDOT and City of Williamsport.

ARTICLE VI: AMENDMENT PROCEDURE

Proposed amendment to these bylaws shall be reviewed by the WATS Technical Committee and then distributed to the WATS MPO Coordinating Committee for an official vote of approval by a voting majority of members present at a publicly advertised meeting convened by the WATS MPO where a voting quorum is achieved.

ADOPTION

These forgoing bylaws were adopted by the WATS MPO Coordinating Committee at a public meeting held this 25th day of January 2021.

By: 

Sandra Tosca, WATS MPO Chair

Attest: 

Scott R. Williams, WATS Secretary

Appendix G: Summary of Public Comments

Comment No. 1: The Lycoming County Health Improvement Coalition (LCHIC) is listed as a member of the WATS MPO Bicycle and Pedestrian Advisory Committee, however, the organization is not listed in Appendix B: Interested Party Organizations. Is it possible to include LCHIC in Appendix B?

Action Taken: WATS staff updated Appendix B: Interested Party Organization to include LCHIC.

Comment No. 2: A member of the Lycoming County Health Improvement Coalition (LCHIC) requested hard copies of both the Public Participation Plan and the Title VI Program for review

Action Taken: WATS staff provided copies to the LCHIC member. No further comments were received.
